This partnership redefines outdoor design, blending artistic flair with functional elegance. Through bold color combinations and clean forms, the result is a collection that balances beauty, durability, and comfort.

Ispirata all’idea di “vestire” l’arredo, la collaborazione tra Antonio Marras e NodoItalia unisce moda e outdoor living in un linguaggio estetico unico. Due mondi creativi si incontrano, ridefinendo l’arredo da esterno e fondendo espressione artistica ed eleganza funzionale in un dialogo originale. Attraverso combinazioni cromatiche audaci e forme raffinate, nasce una collezione che bilancia bellezza, durata e comfort.

Every detail reflects craftsmanship and a strong connection with the territory, where fashion, design and innovation interlace.

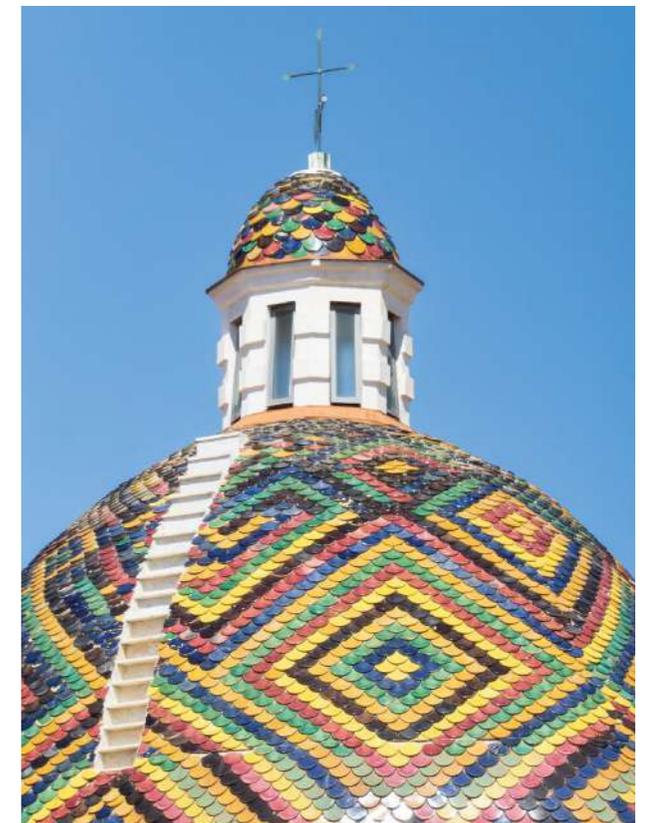

Ogni dettaglio riflette artigianalità ed un forte legame con il territorio, dove moda, design ed innovazione si intrecciano.
