NodoItalia

^{EN} Nodotalia designs are created to be lived. Each piece, entirely handcrafted, offers a sensory experience that engages sight, touch, and comfort. Colors naturally harmonize with the surrounding space, shaping made-to-measure creations born of refined craftsmanship, conceived for residential settings, hotels, and spas.

^{IT} I design di Nodotalia nascono per essere vissuti. Ogni creazione, interamente realizzata a mano, offre un'esperienza sensoriale che coinvolge vista, tatto e comfort. I colori si armonizzano naturalmente con l'ambiente, dando forma a creazioni su misura, frutto di una raffinata artigianalità pensata per spazi residenziali, hotel e spa.

The production plant of the yarn in the Groane Natural Park in Misinto
L'impianto di produzione del filato nel parco naturale delle Groane a Misinto

Dai grani di propilene ad un filato sostenibile e riciclabile
From the raw material to a polypropylene yarn, sustainable and recyclable

Born as a spin-off of an industrial group with over 45 years of expertise in innovative, high-performance yarns for indoor and outdoor use, Nodoitalia brings textile excellence into contemporary furniture design. Entirely made in Italy, each piece is handcrafted with meticulous attention to detail and conceived to last, combining functionality, material quality, and sophisticated design for demanding environments.

Nato come spin-off di un gruppo industriale con oltre 45 anni di know-how nei filati innovativi e ad alte prestazioni per indoor e outdoor, Nodoitalia trasferisce l'eccellenza tessile nel mondo dell'arredo contemporaneo. Interamente Made in Italy, ogni prodotto è realizzato artigianalmente con cura estrema del dettaglio, pensato per durare nel tempo e affrontare contesti esigenti, dove funzionalità, qualità dei materiali e design ricercato convivono.

Technology and nature
Tecnologia e natura

Produzione interna del filato Olyna.

Massima personalizzazione

In-house production of Olyna yarn.

Highest customization.

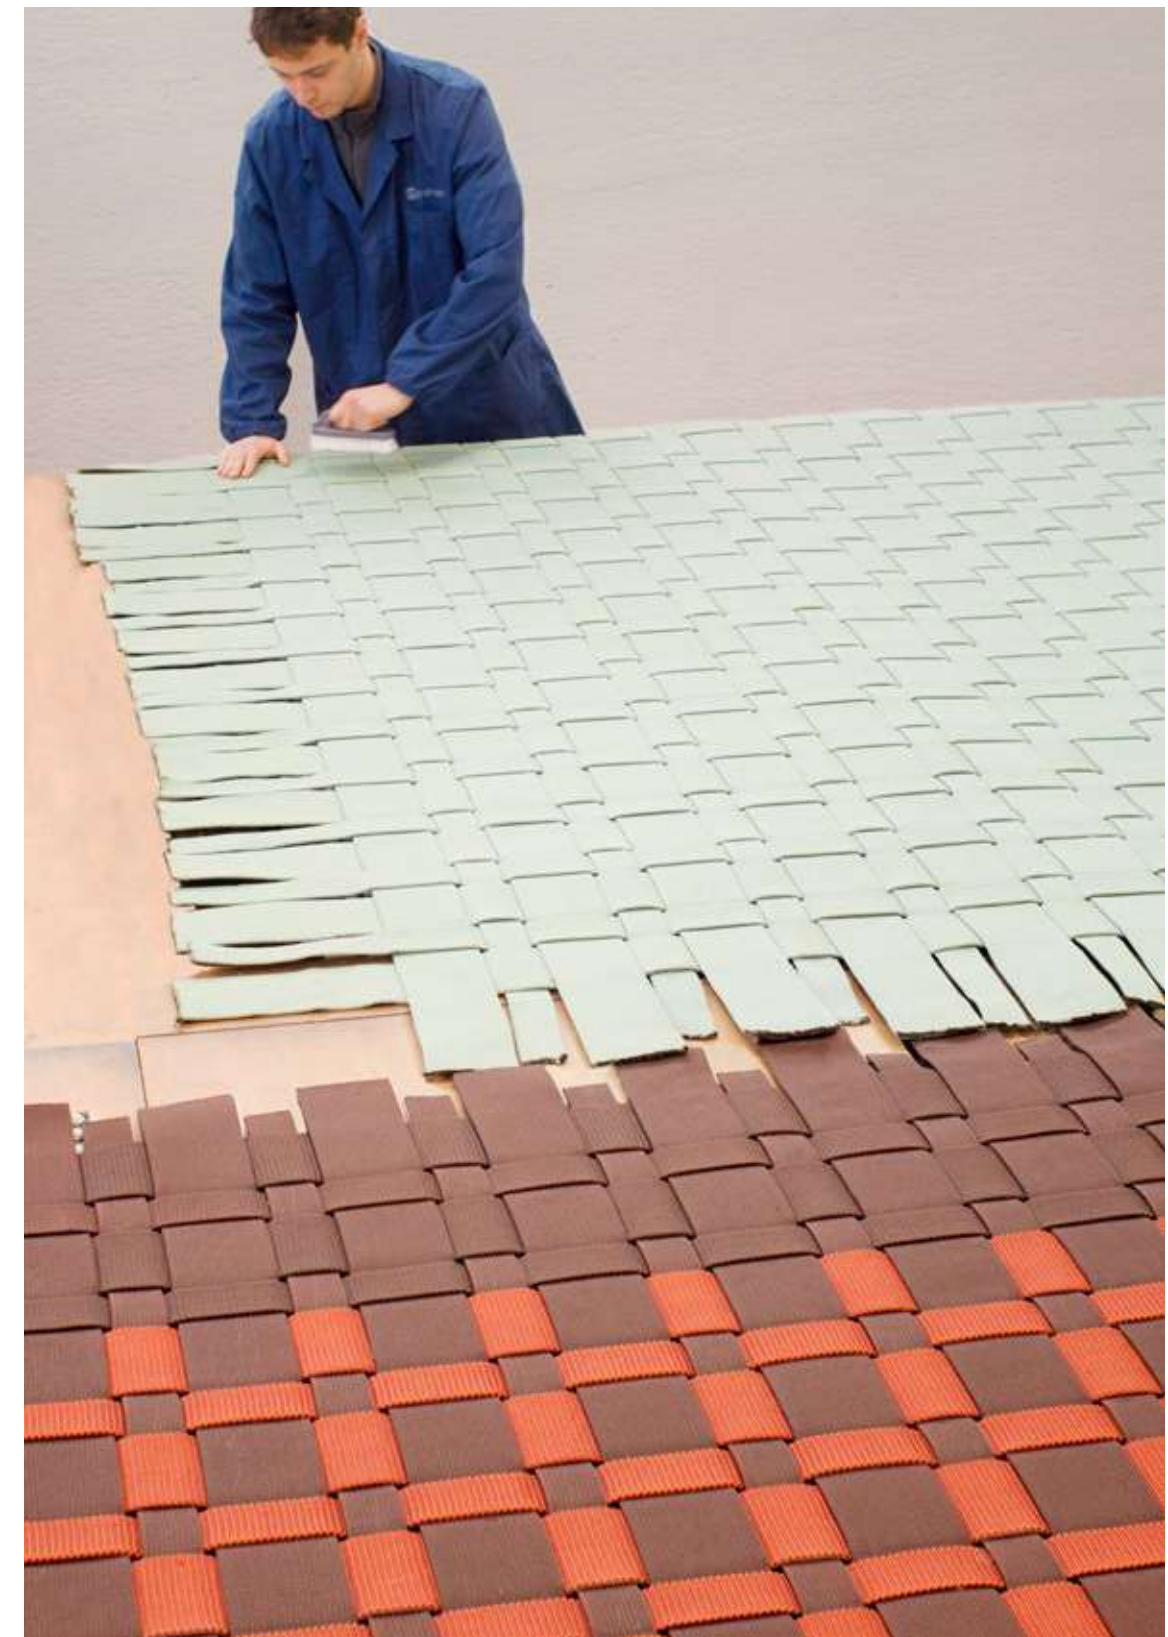

Ropes, fabrics, belts and knit fabrics take shape from a single yarn. These elements create the furnishings and accessories that characterize the space. Each color, chosen from a broad palette, pairs naturally with the other hues. The result is a harmonious space, where every detail fits together.

Da un filo prendono forma le corde, i tessuti, i nastri e le maglie. Con questi elementi si producono gli arredi e gli accessori che caratterizzano lo spazio. Ogni colore, scelto da un'ampia palette, si abbina con naturalezza alle altre cromie. Il risultato è un ambiente armonioso, dove ogni dettaglio si integra.

The yarn is available in more than 400 colours and can be customized in any colour upon request. Il filato è già disponibile in oltre 400 colori e personalizzabile in qualsiasi colore su richiesta.

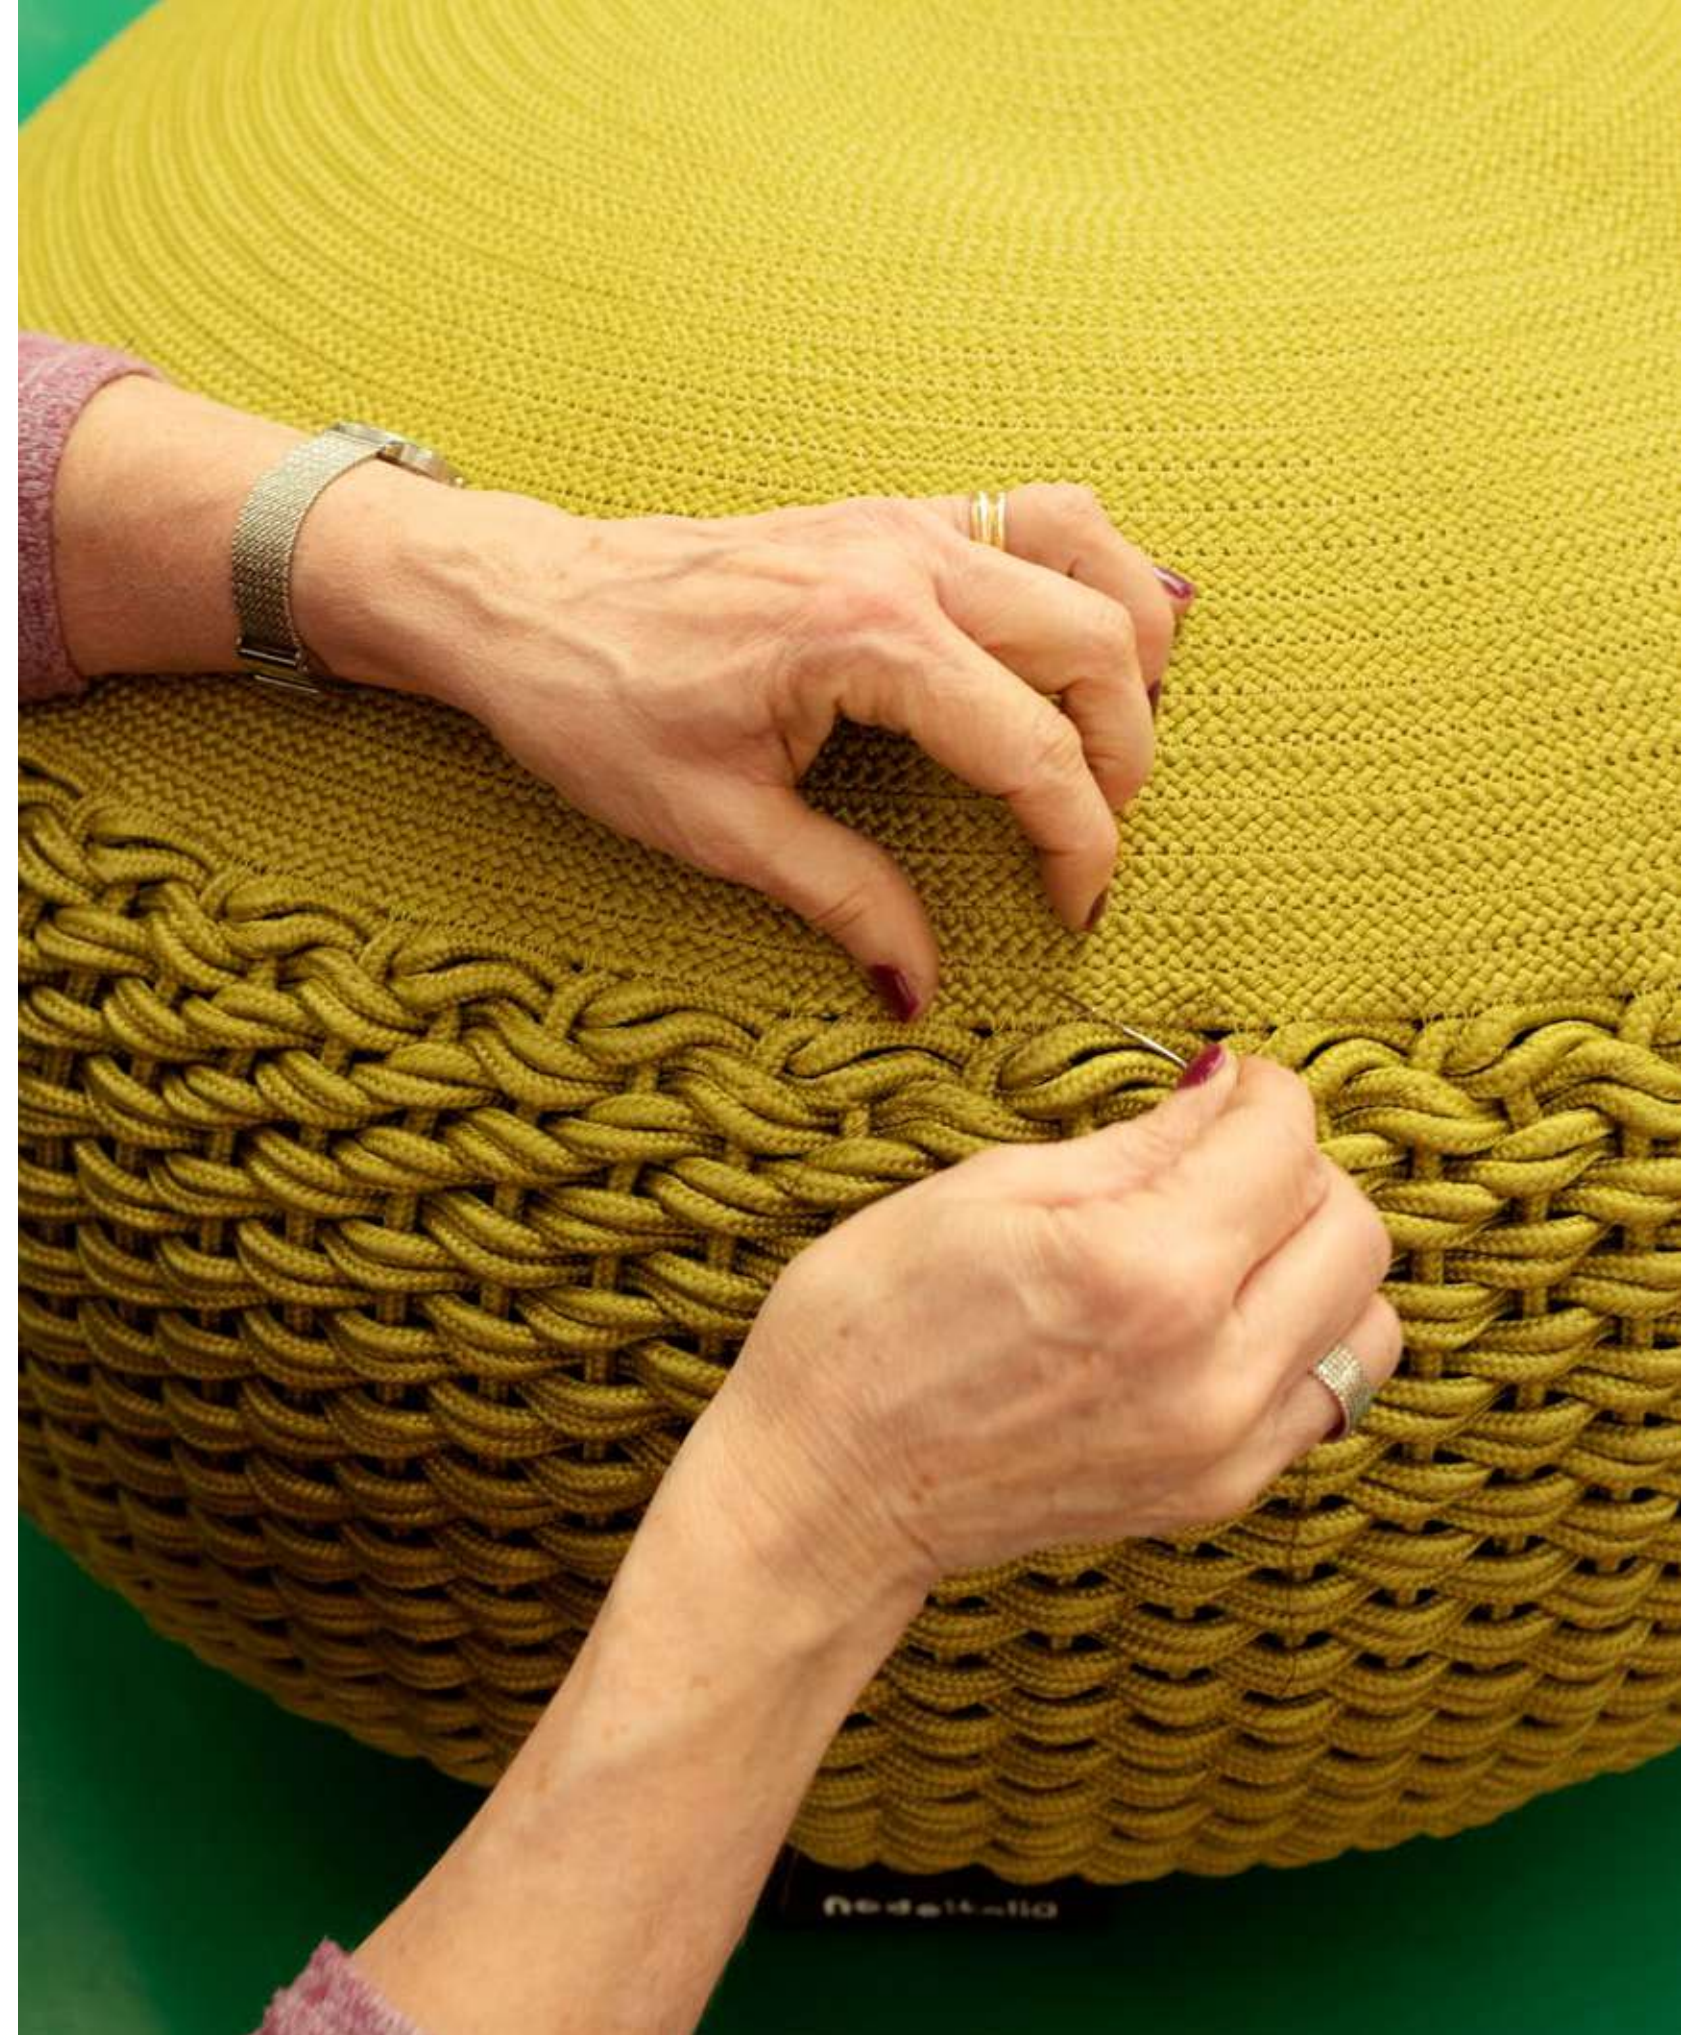

Made in Italy. Handmade
Made in Italy. Fatto a mano

A fusion of strong textile expertise and continuous research into new technologies, blending furniture and fashion, rooted in Italian fashion design culture.

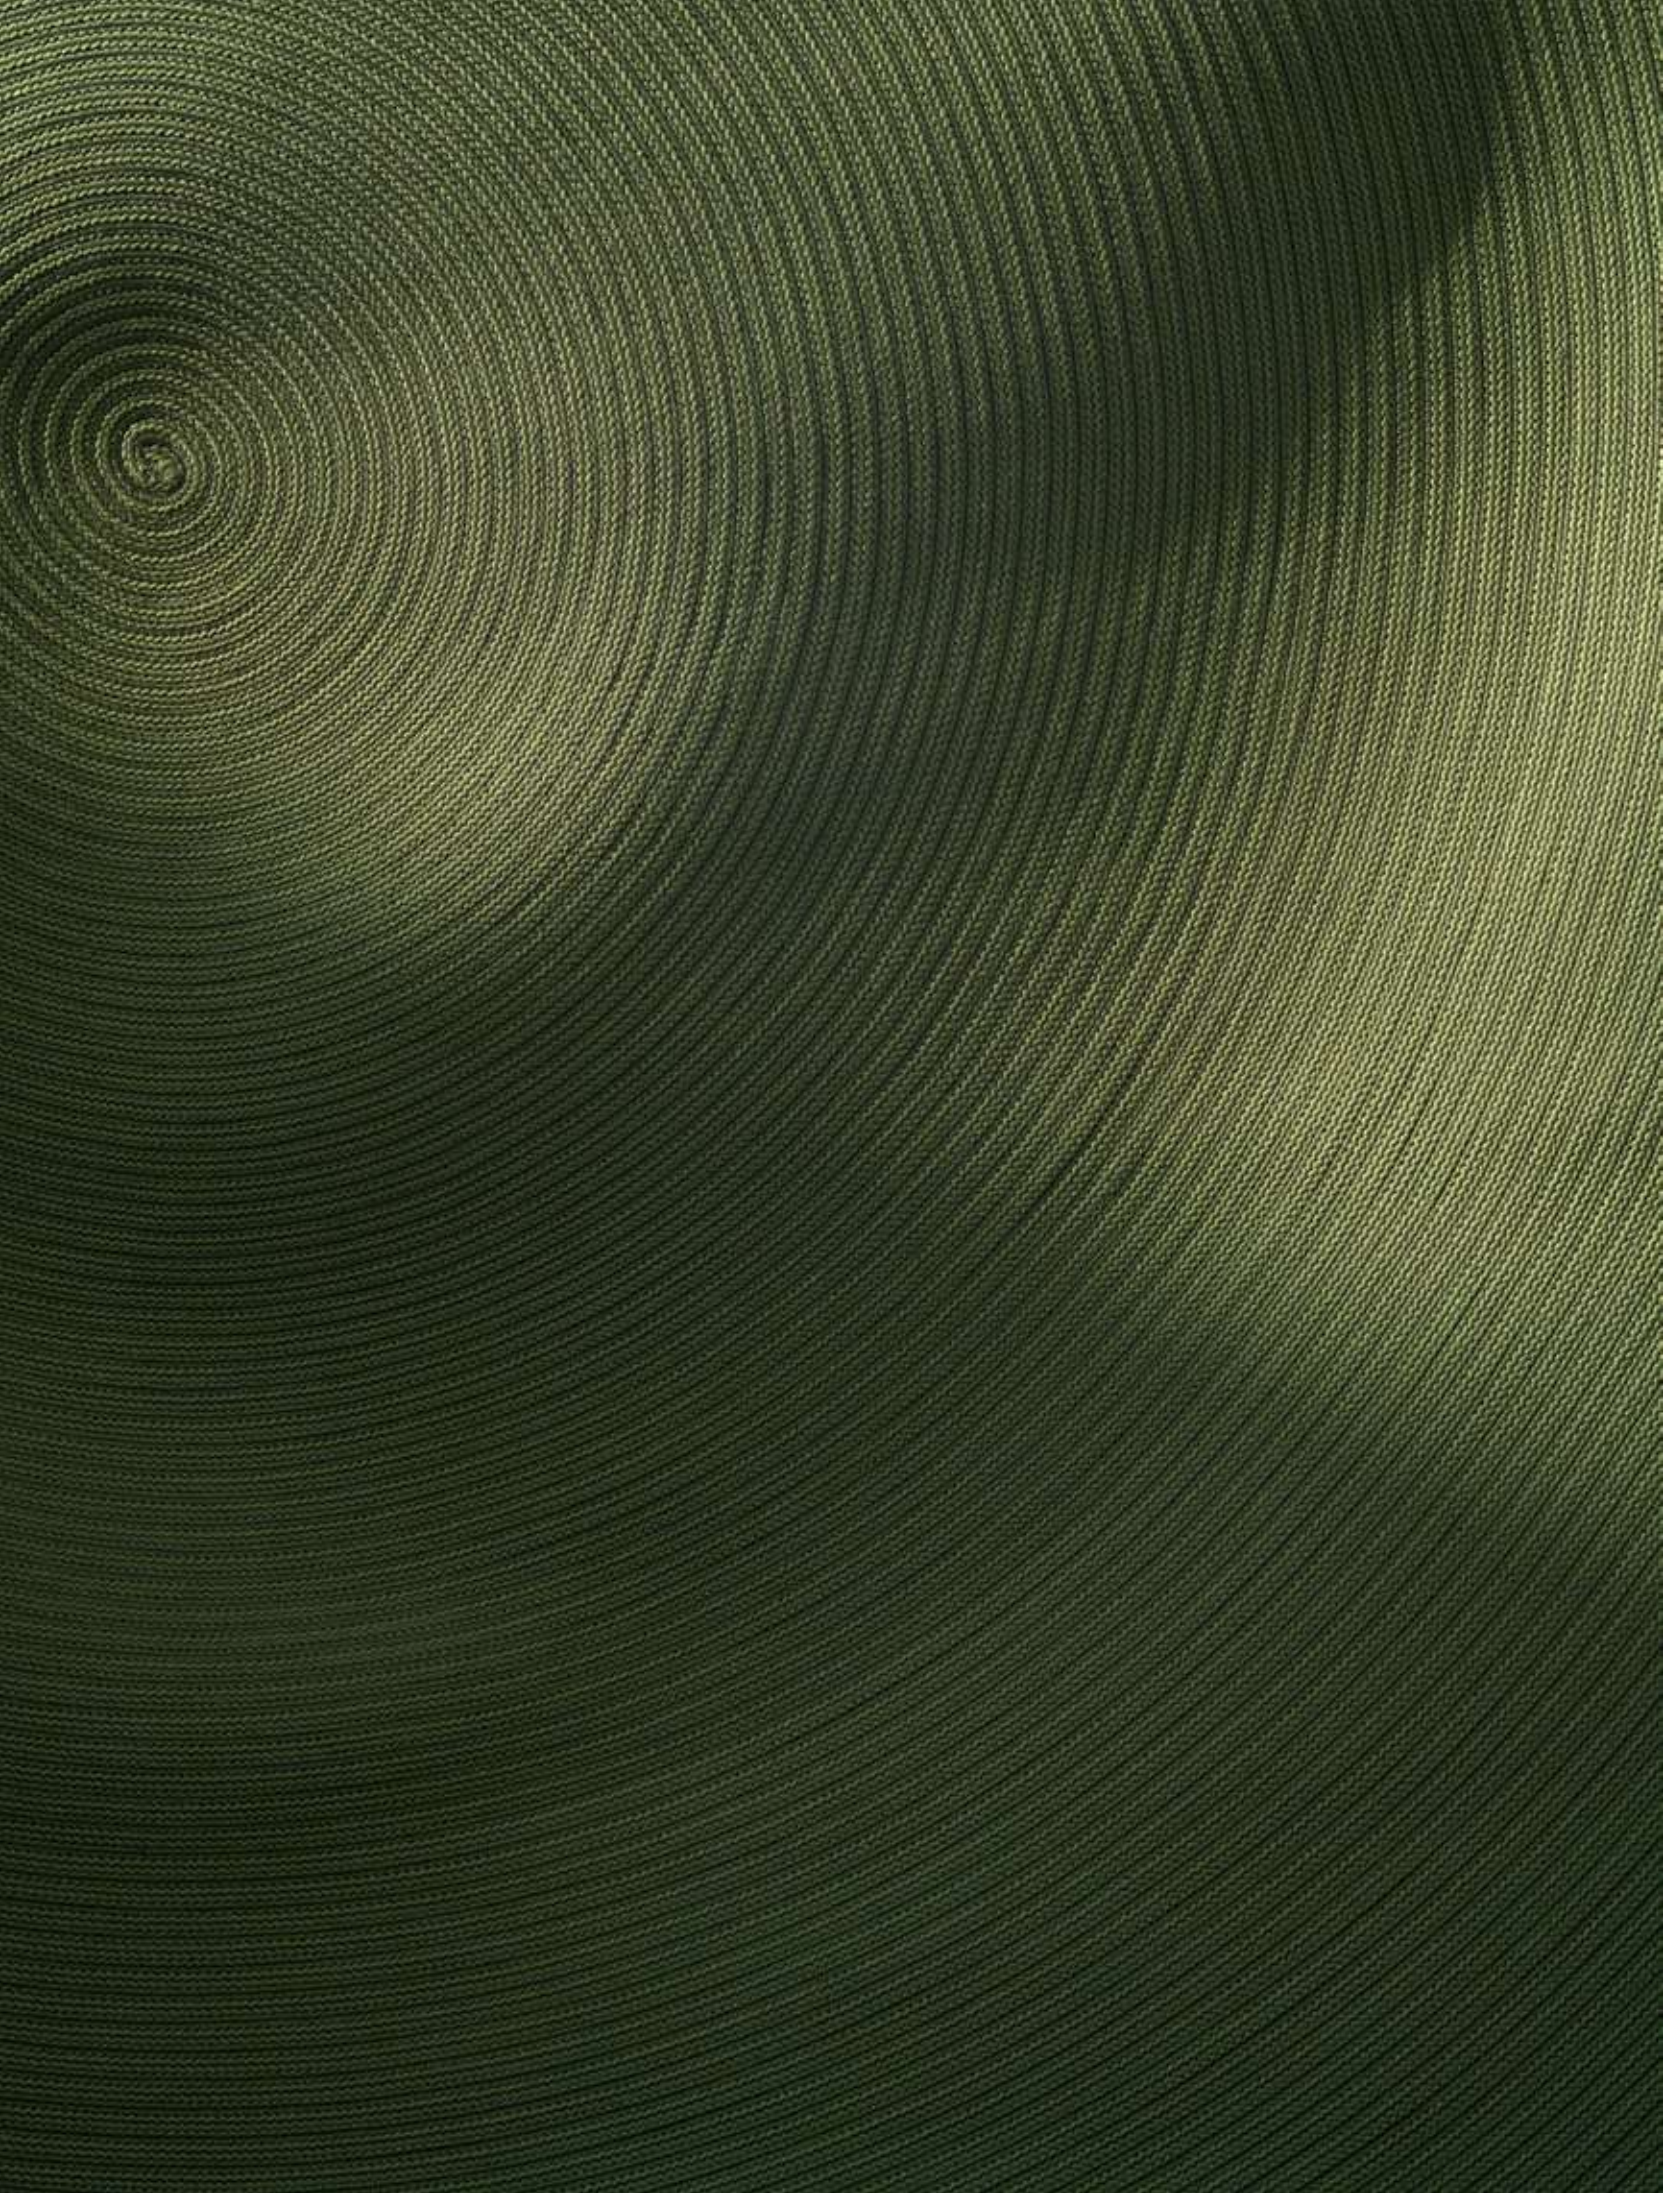

L'incontro tra una profonda competenza tessile e una ricerca continua sulle nuove tecnologie, dove arredo e moda si fondono, nella cultura del fashion design italiano.

BEYOND OUTDOOR

^{EN} Beyond the boundaries of open-air living. A journey into untouched nature, where the art of knotting becomes an organic extension of the landscape.

^{IT} Oltre i confini del vivere all'aperto. Un viaggio nella natura incontaminata, dove l'arte dell'intreccio diventa un'estensione organica del paesaggio.

TAPPETI

Bali

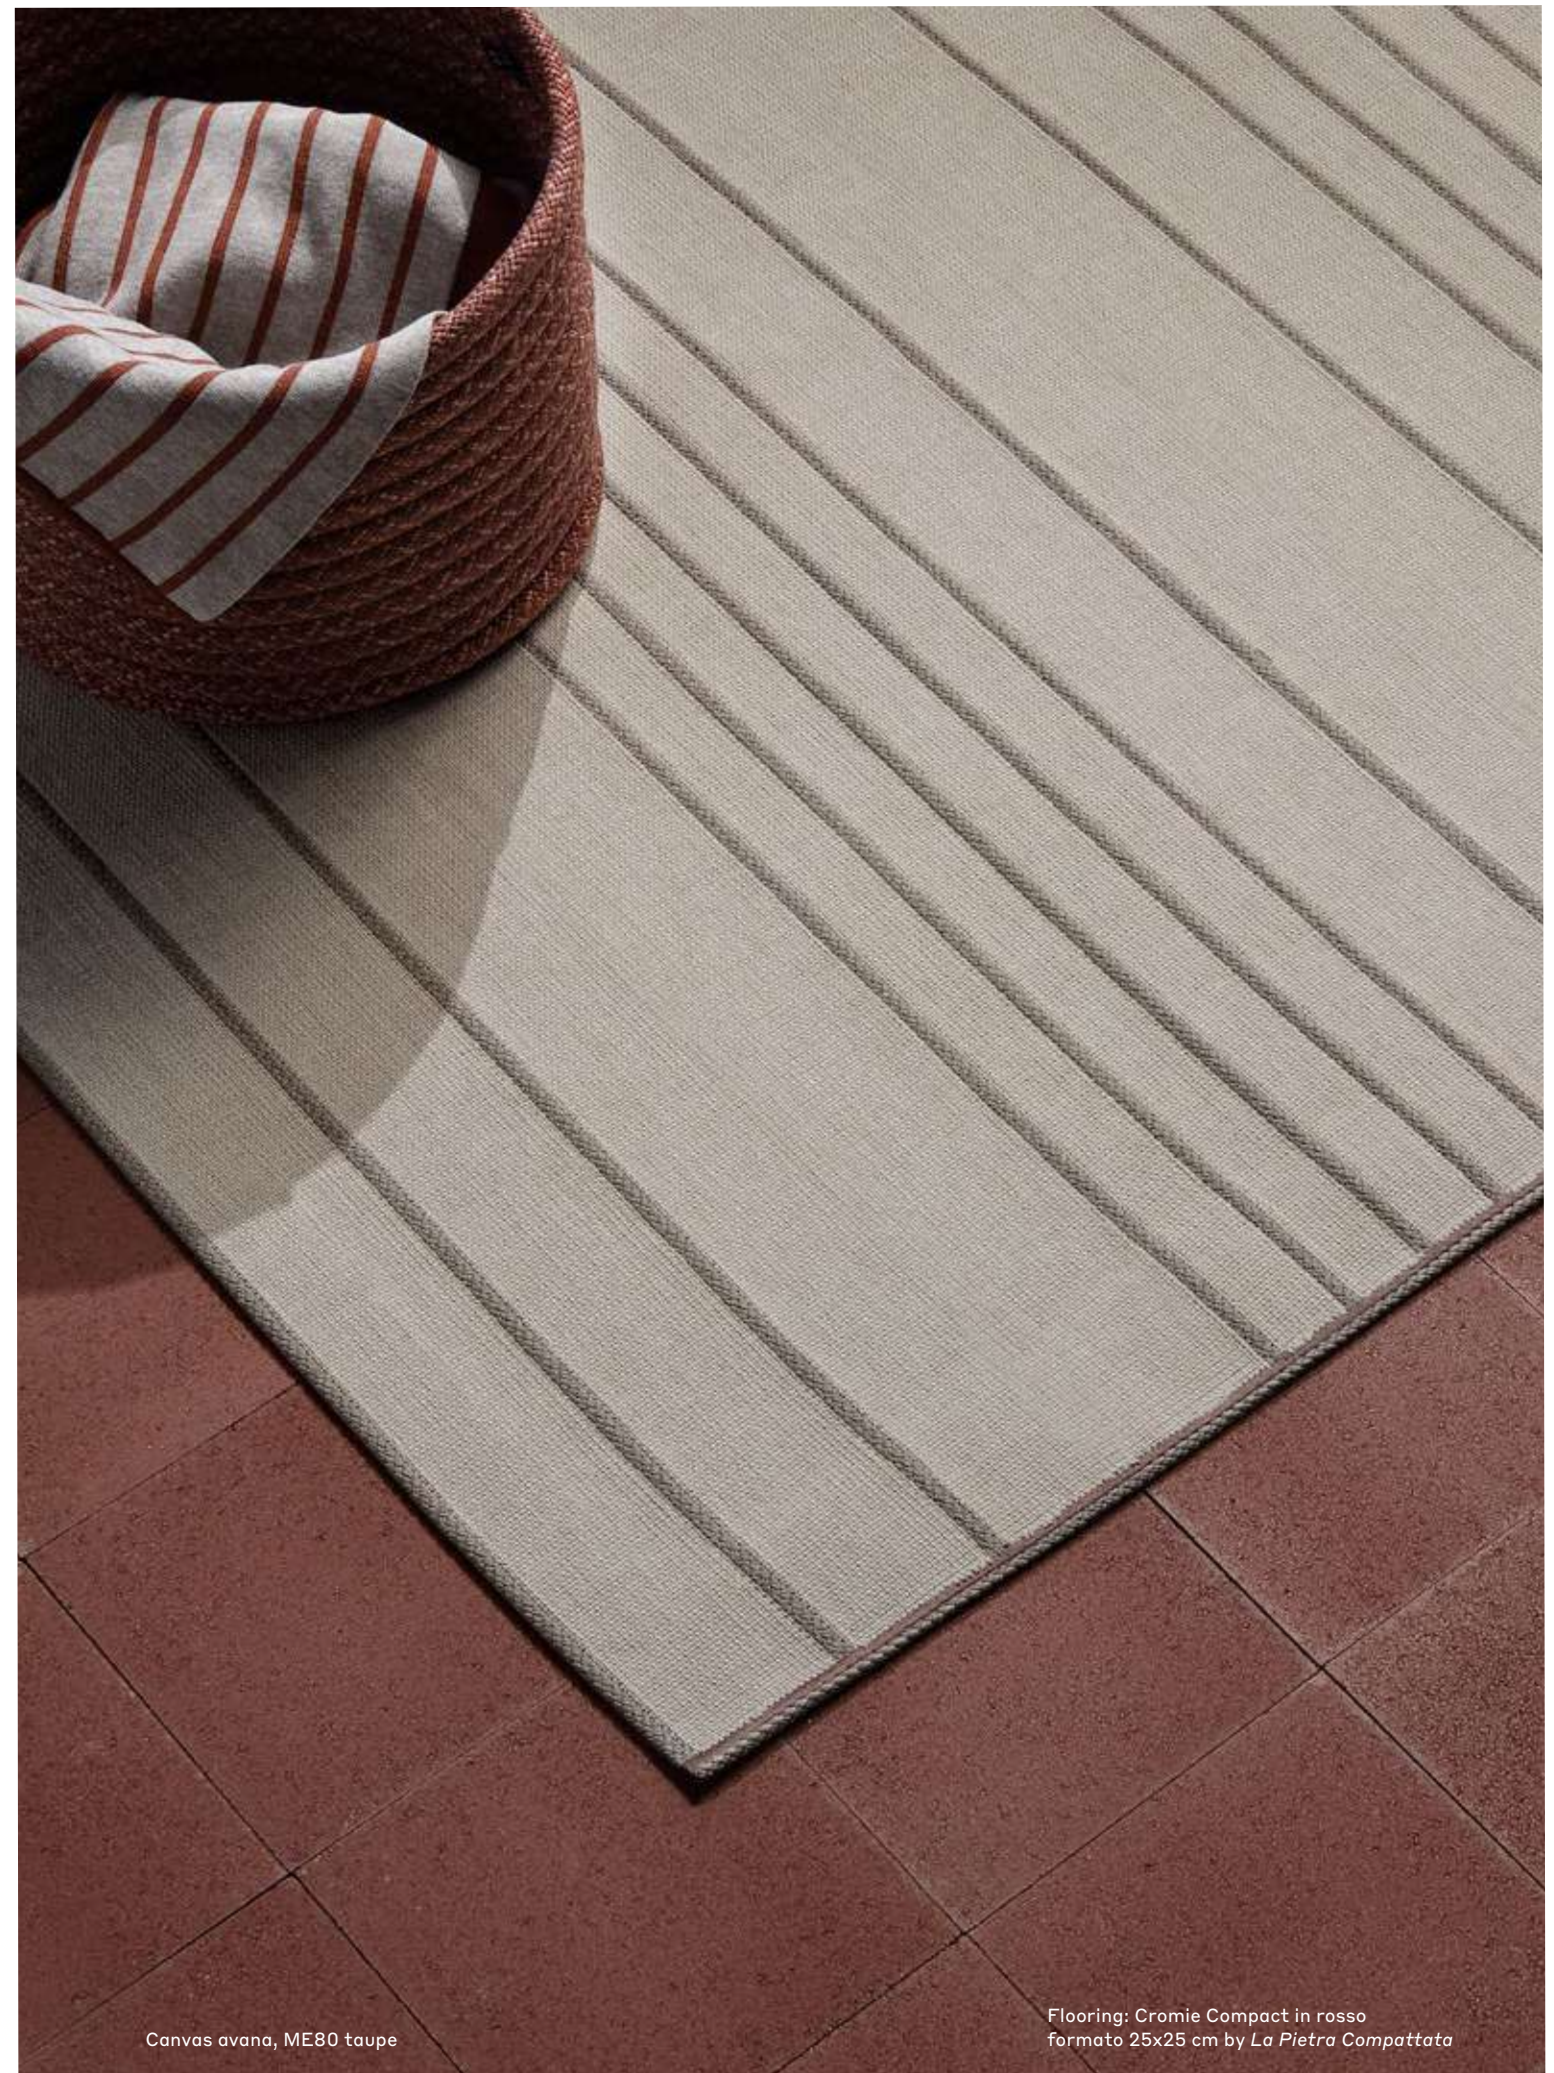

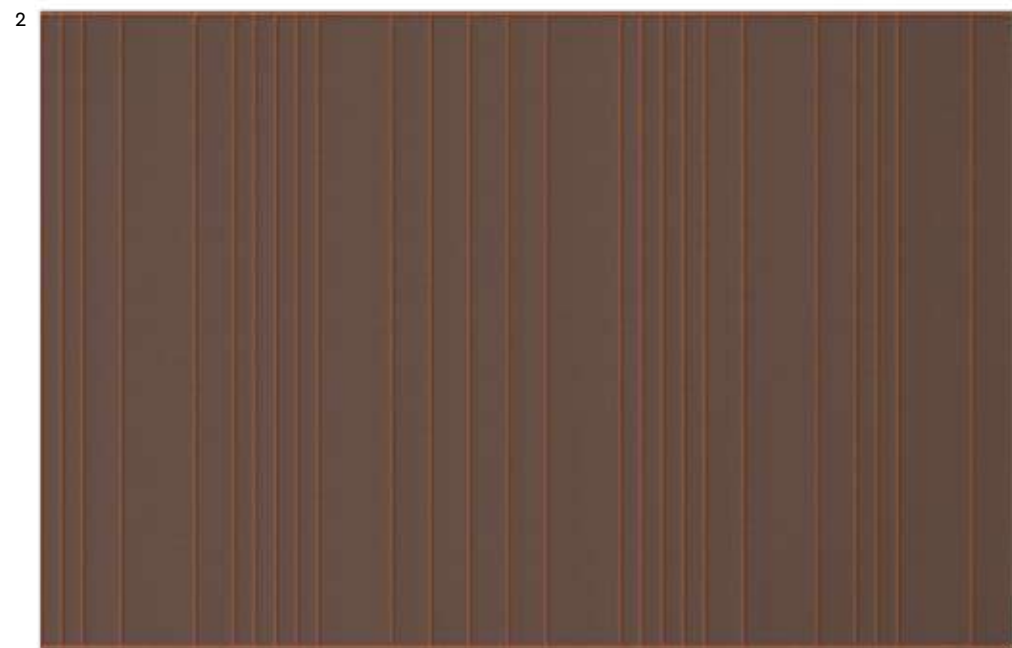

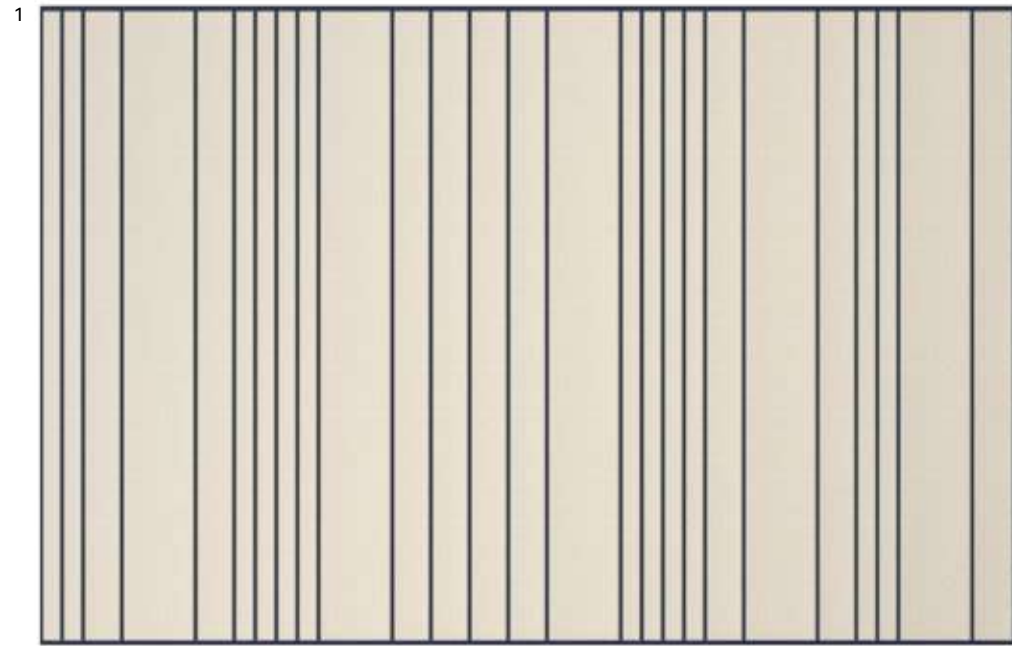

^{EN} Designed to bring serenity and balance into living spaces. Clean, rigorous lines combined with rich yet restrained textures create a sense of calm and order.

^{IT} Pensato per trasmettere serenità ed equilibrio agli ambienti. Linee pulite e rigorose, unite a texture essenziali ma ricche, definiscono un'estetica calma e ordinata.

Bellagio

^{EN} A contemporary interpretation of classic elegance, inspired by historic villas overlooking Lake Como. Timeless forms meet modern color combinations for refined outdoor living.

^{IT} Un'interpretazione contemporanea dell'eleganza classica, ispirata alle ville storiche affacciate sul Lago di Como. Forme senza tempo e palette moderne definiscono uno stile sofisticato e attuale.

Borneo

^{EN} Inspired by the untamed nature of tropical rainforests. The design recalls the suspended roots of ancient trees, translating wild energy into textured form.

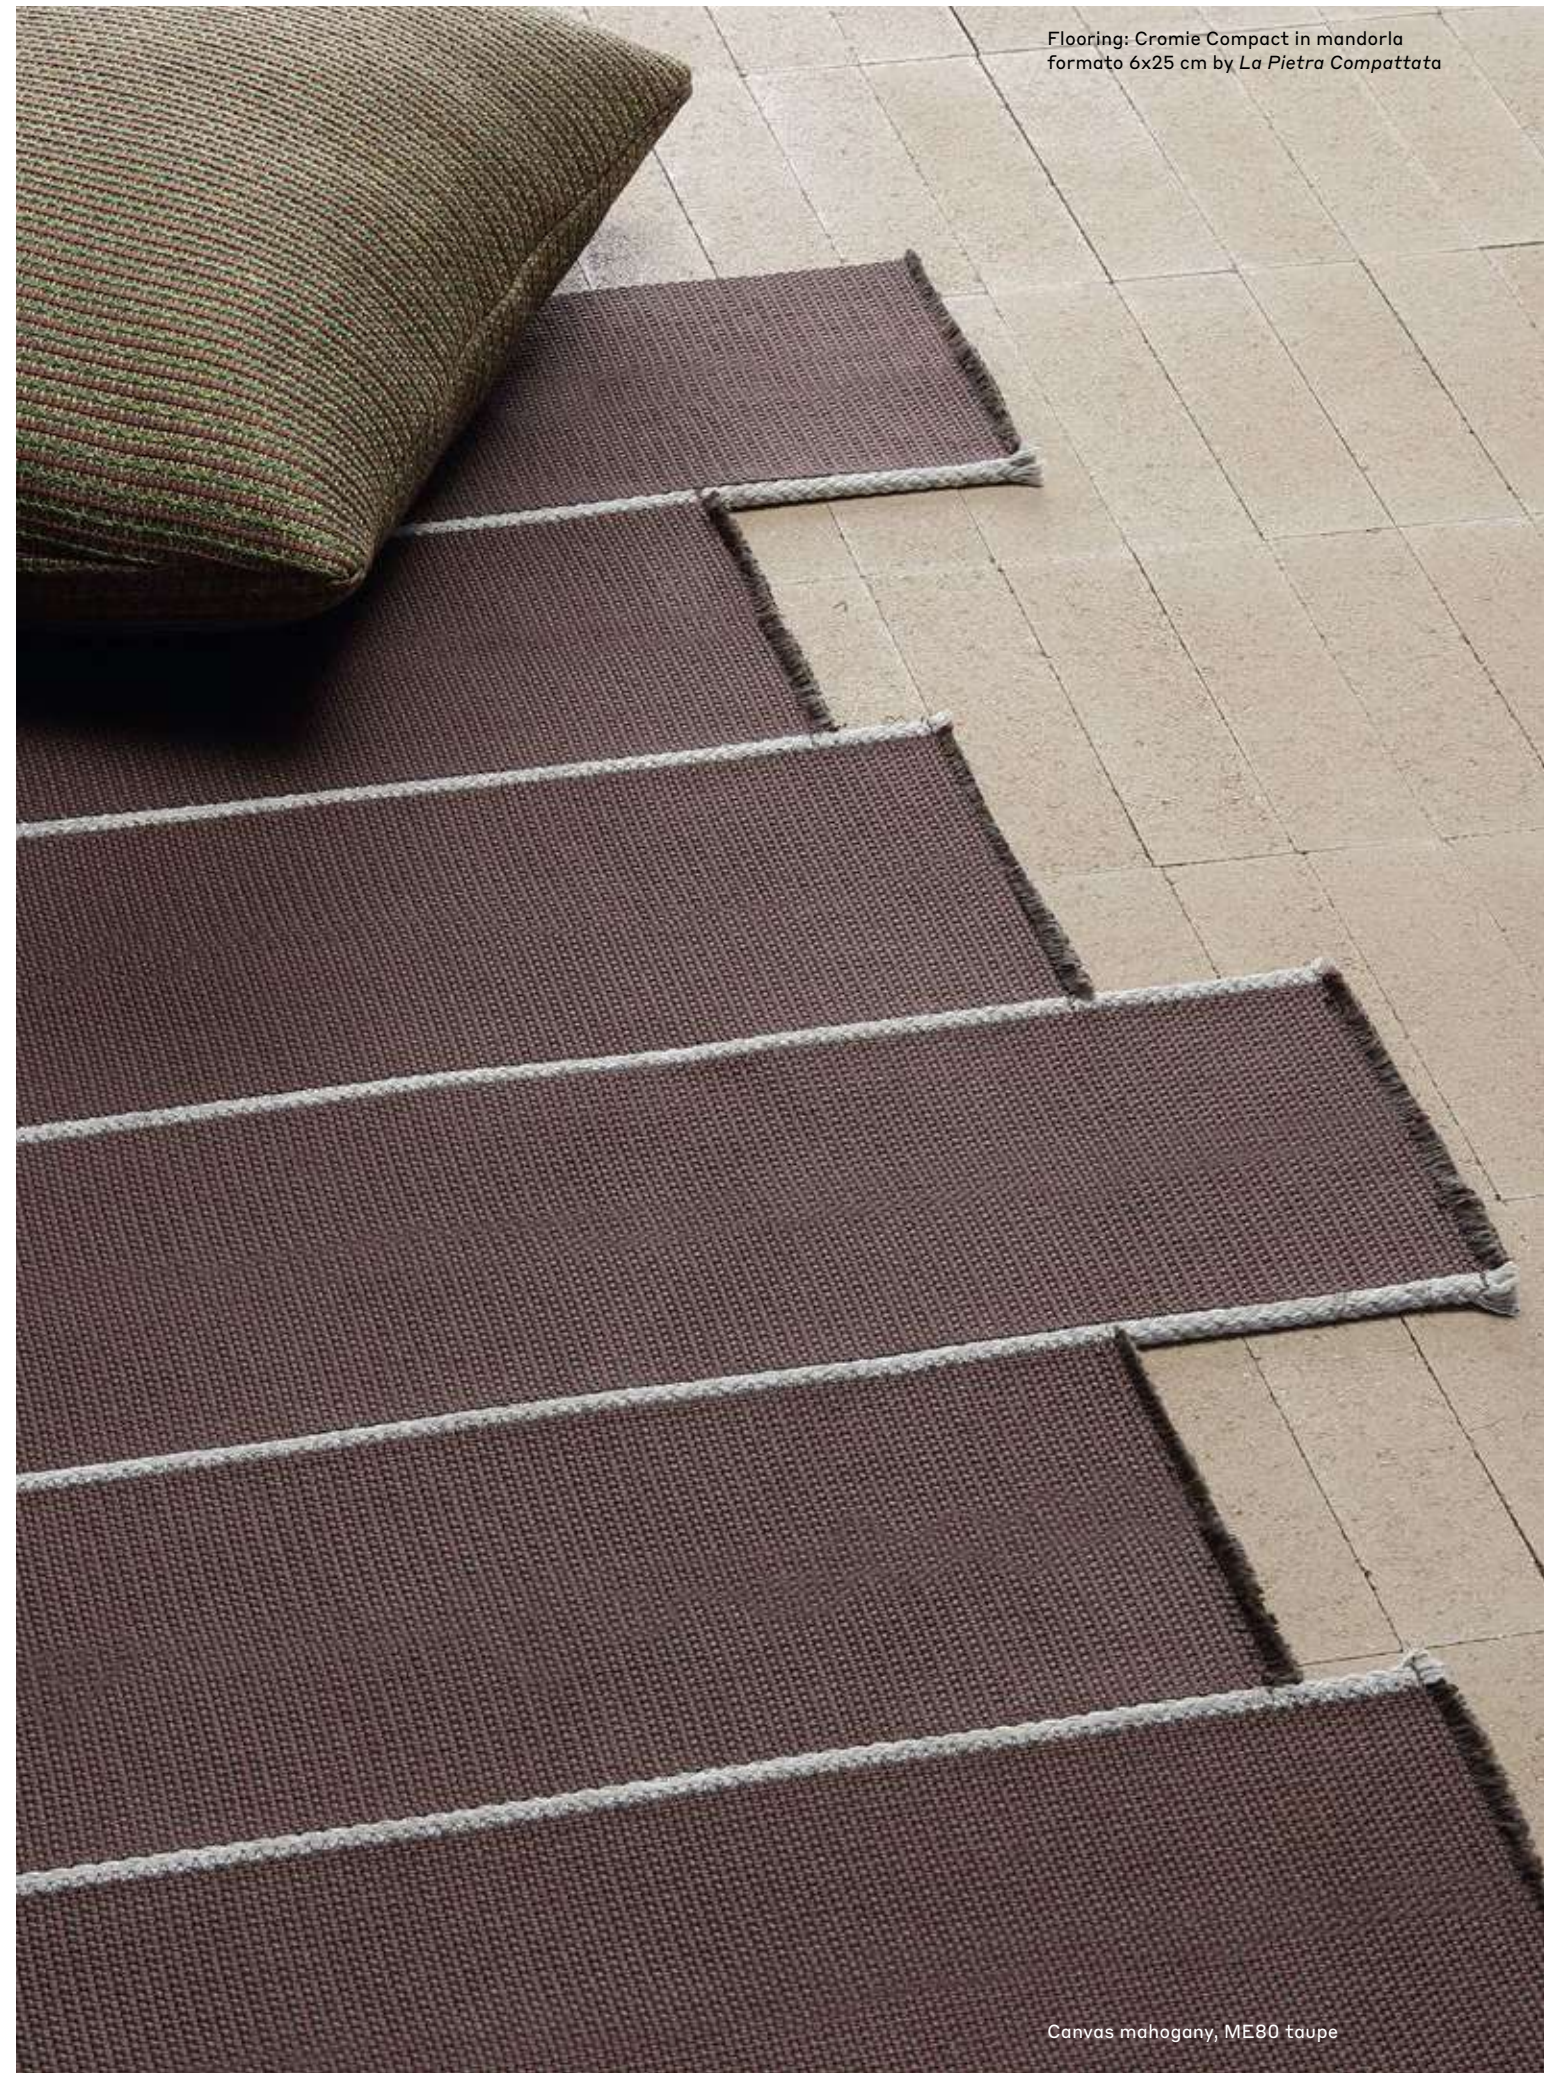

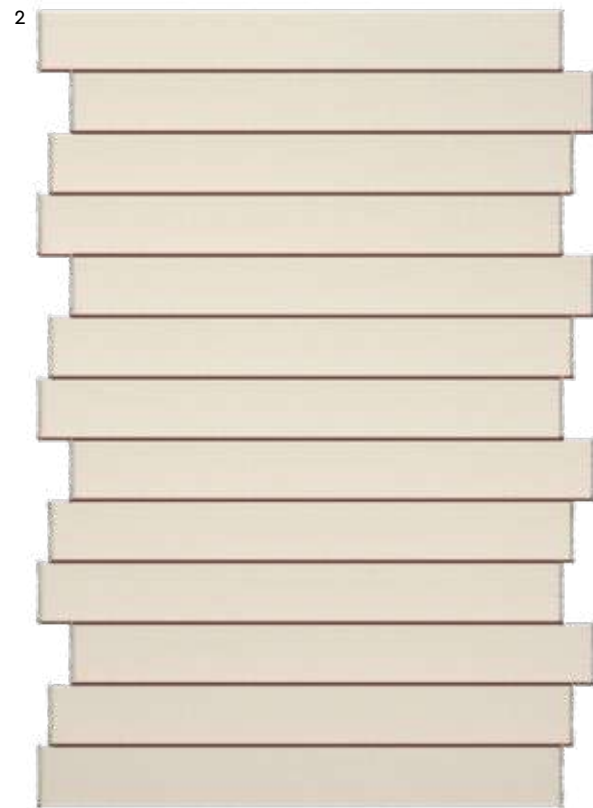

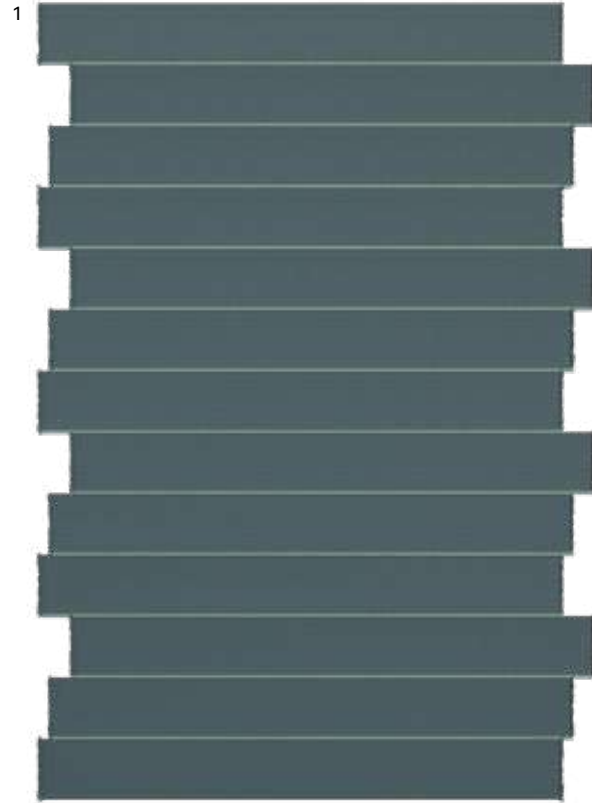

^{IT} Ispirata alla natura incontaminata delle foreste pluviali. Il disegno richiama le radici sospese degli alberi secolari, trasformando l'energia selvaggia in materia.

Fabrics

^{EN} Drawing from the millenary tradition of hand-woven Nepalese rugs, this collection is produced on modern looms to ensure high performance. The result preserves the original structure and tactile richness while offering a contemporary aesthetic suited to any environment.

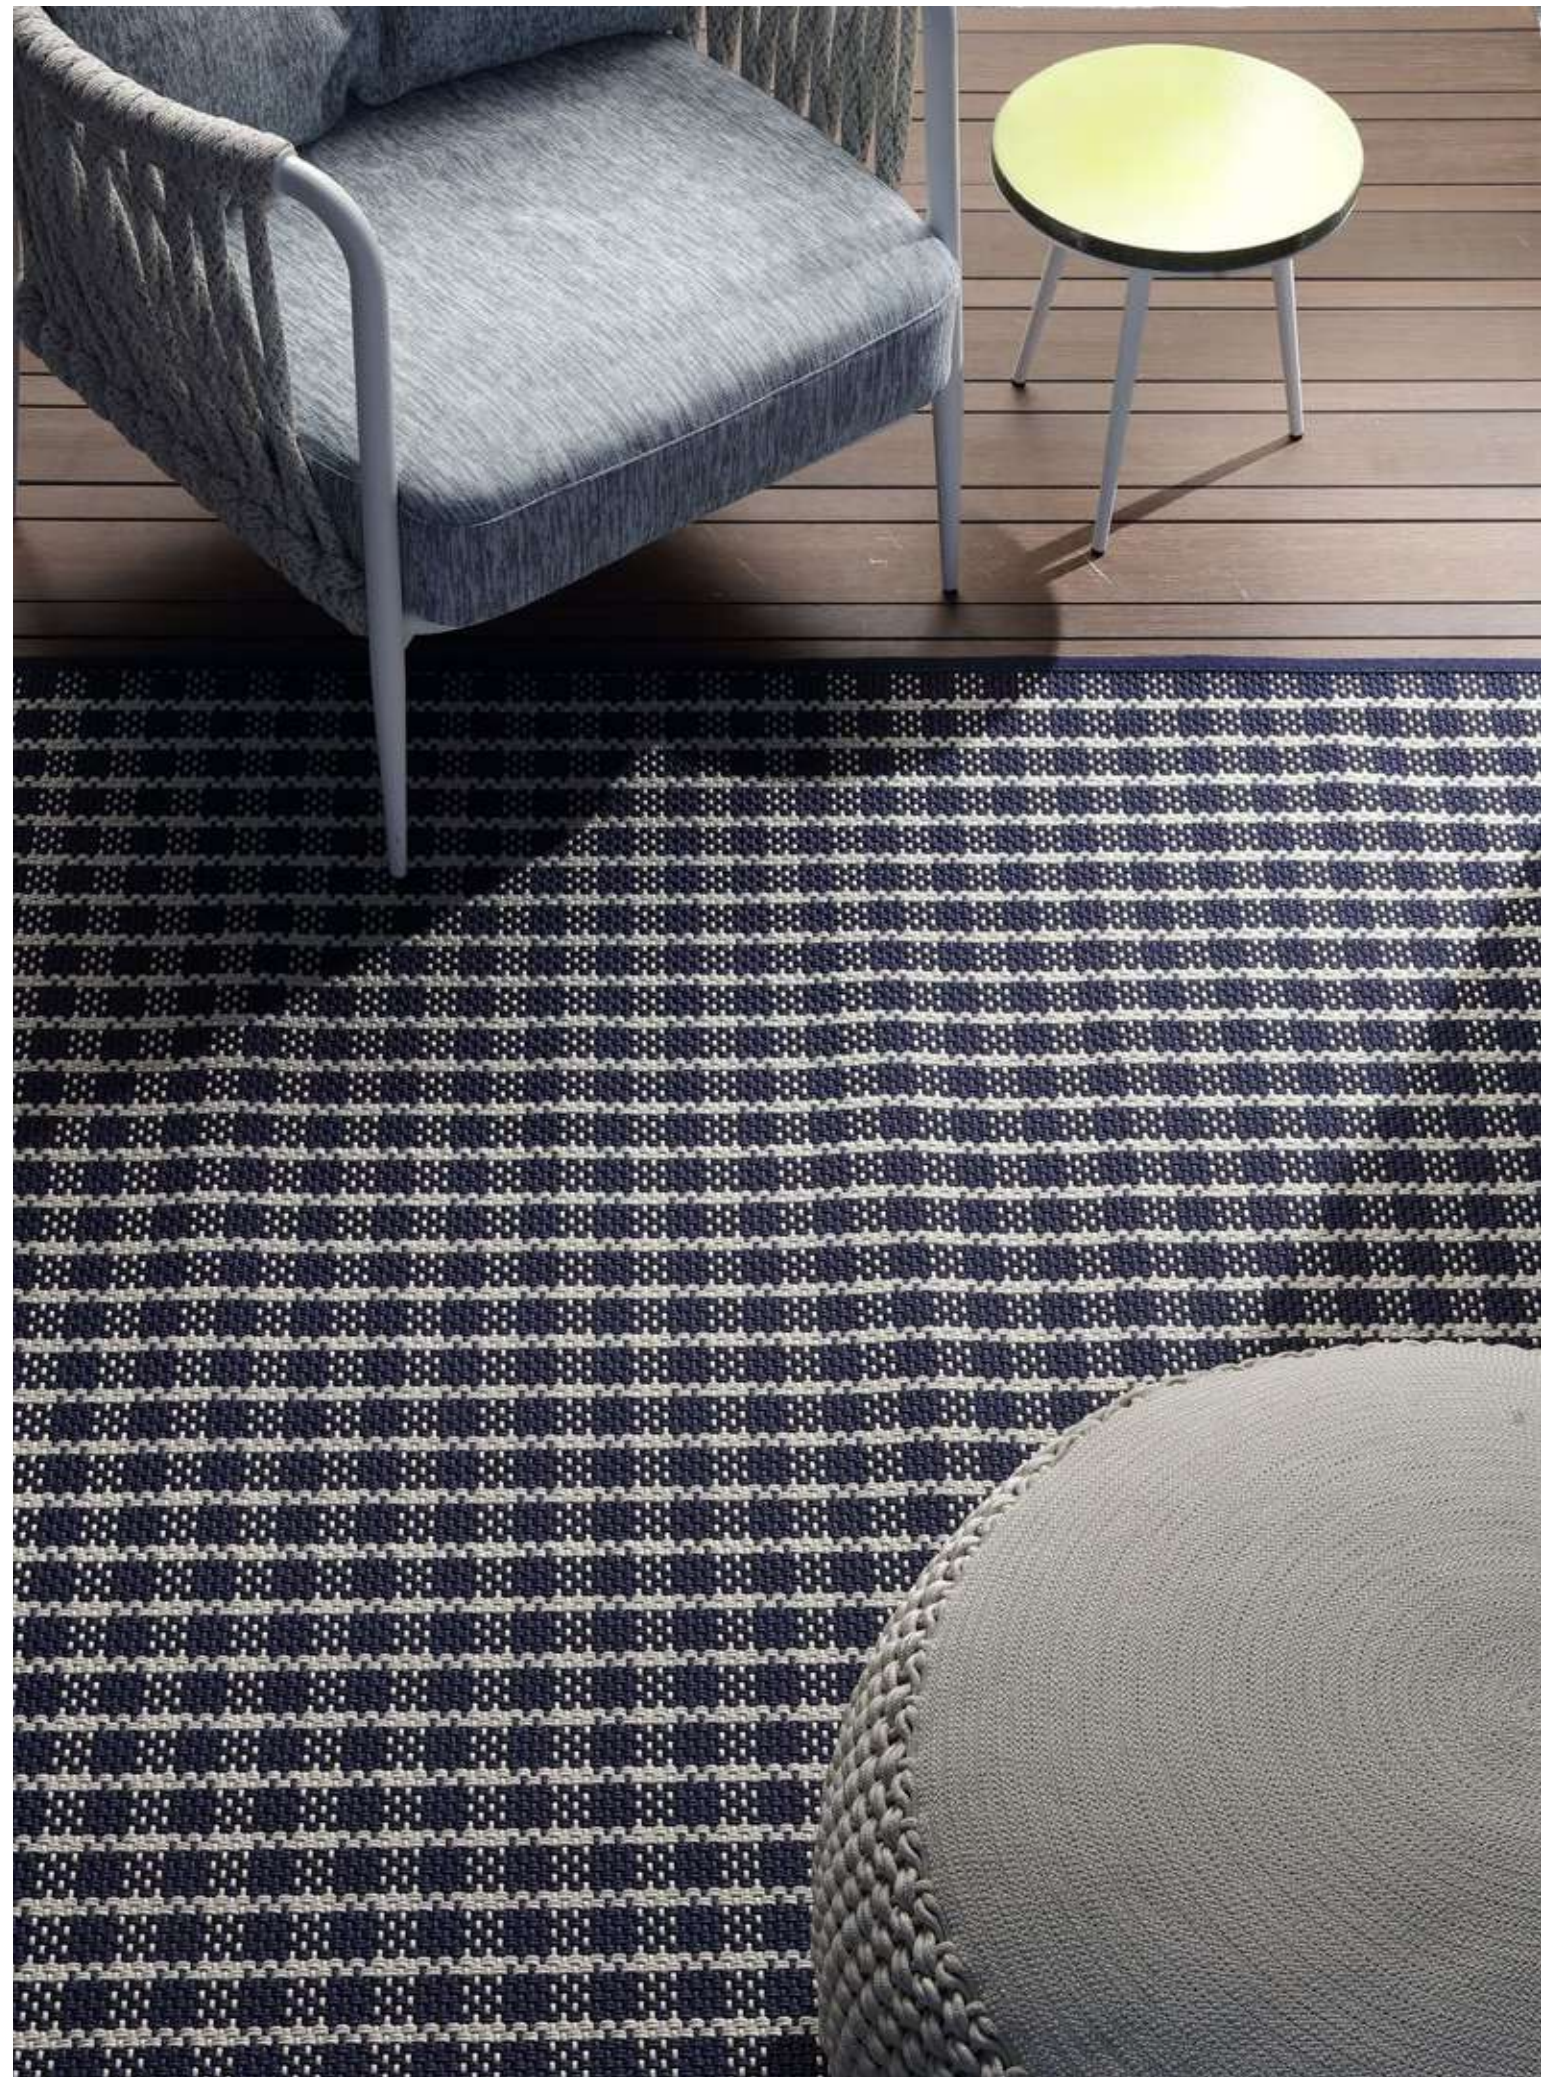

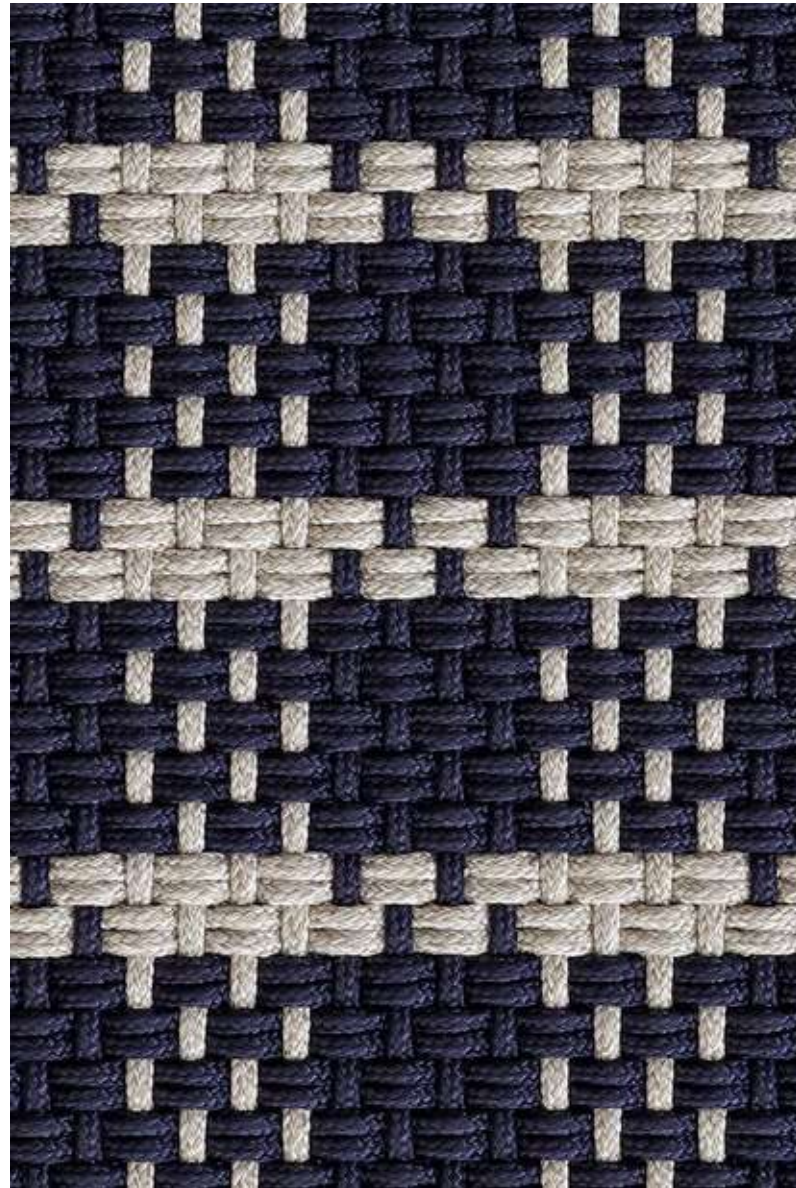

^{IT} Ispirata alla tradizione millenaria dei tappeti nepalesi, la collezione utilizza telai moderni per garantire elevate prestazioni. Mantiene struttura e matericità originarie, reinterperate in una chiave contemporanea.

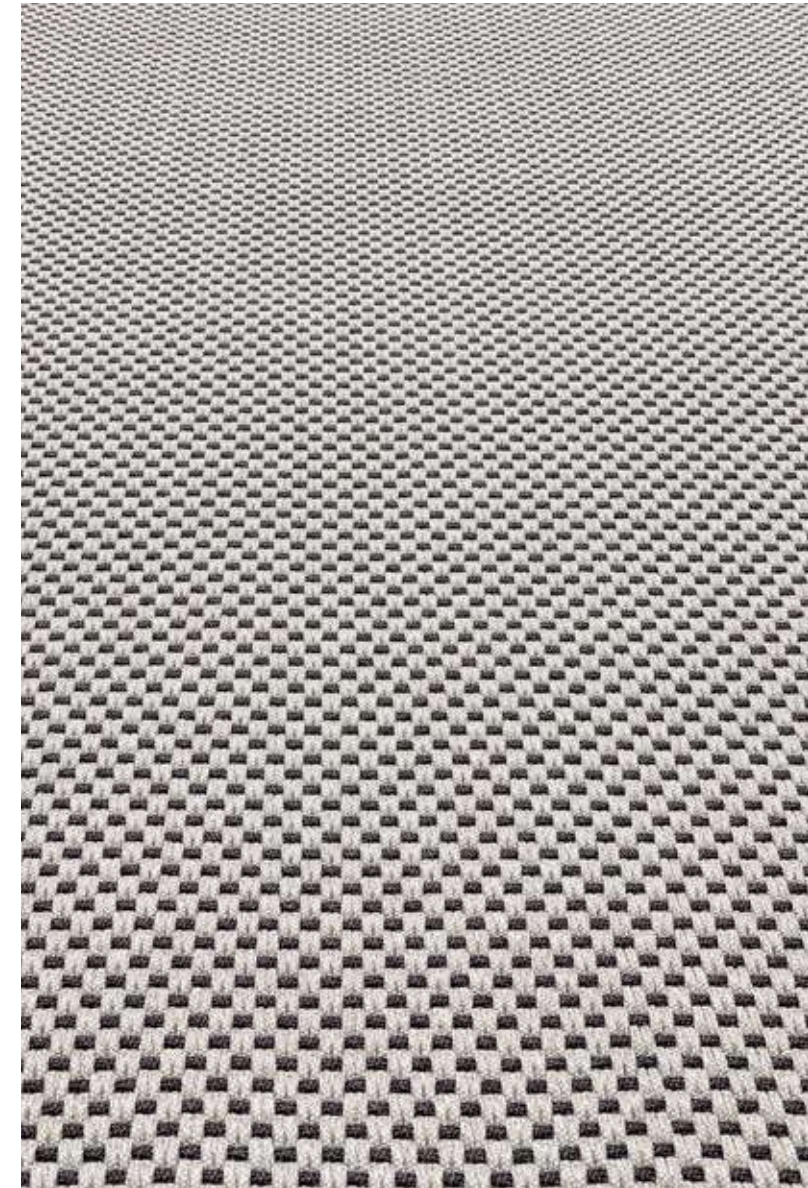

Tartan
Panama

Laguna

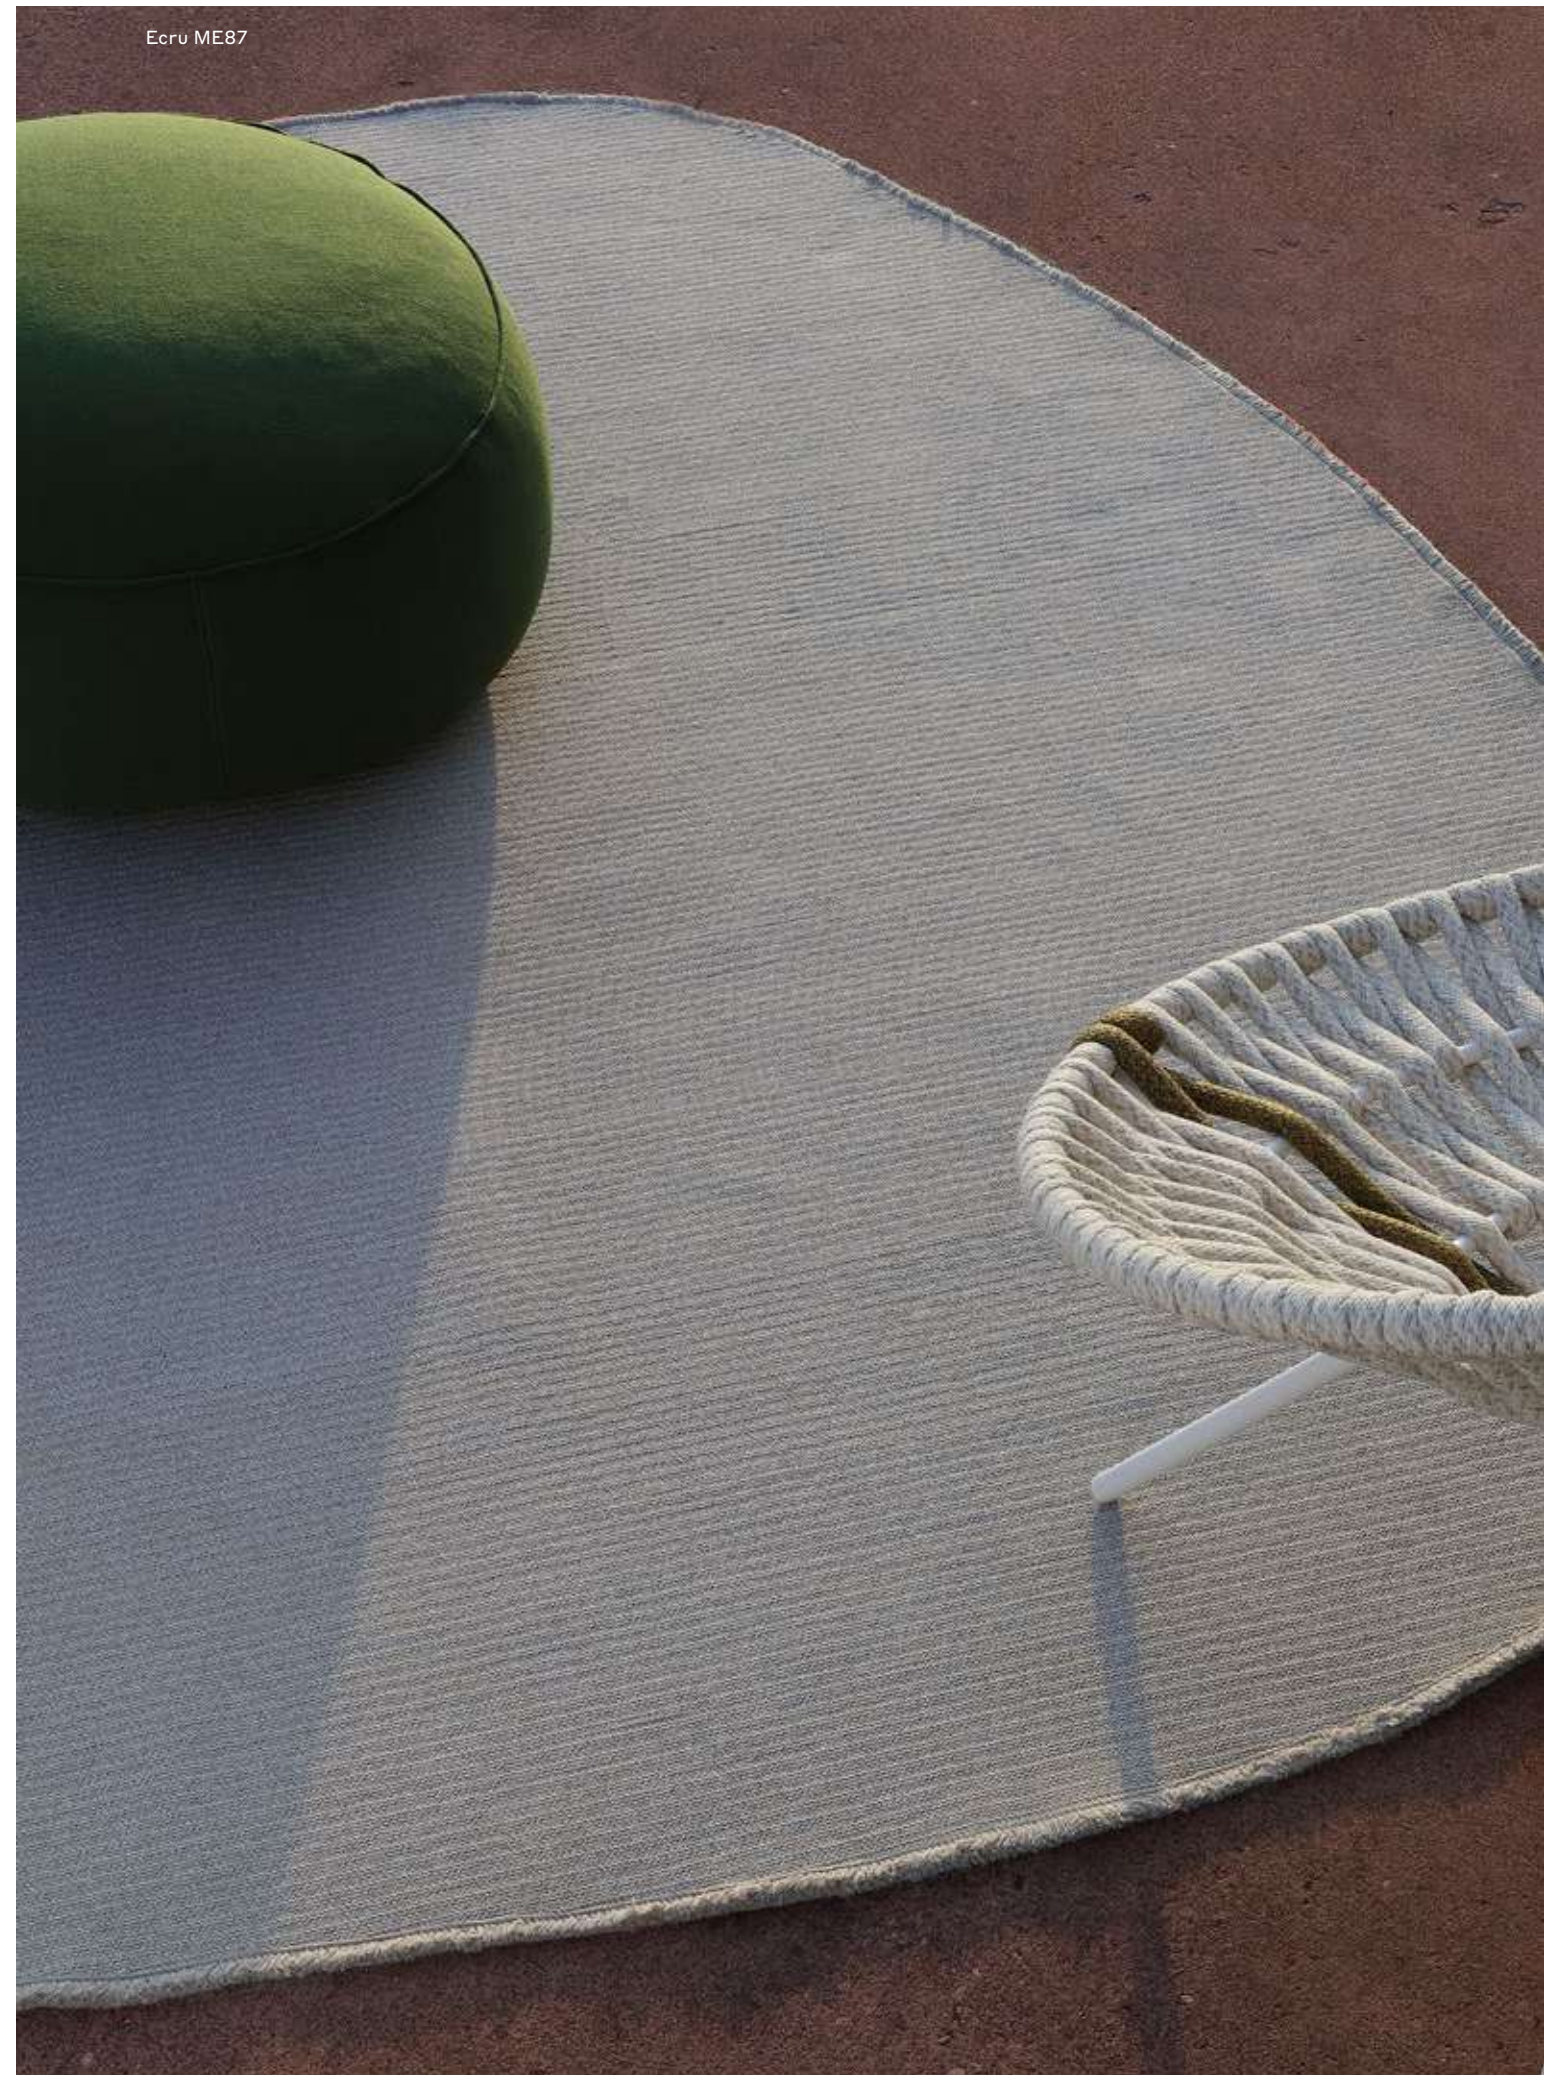

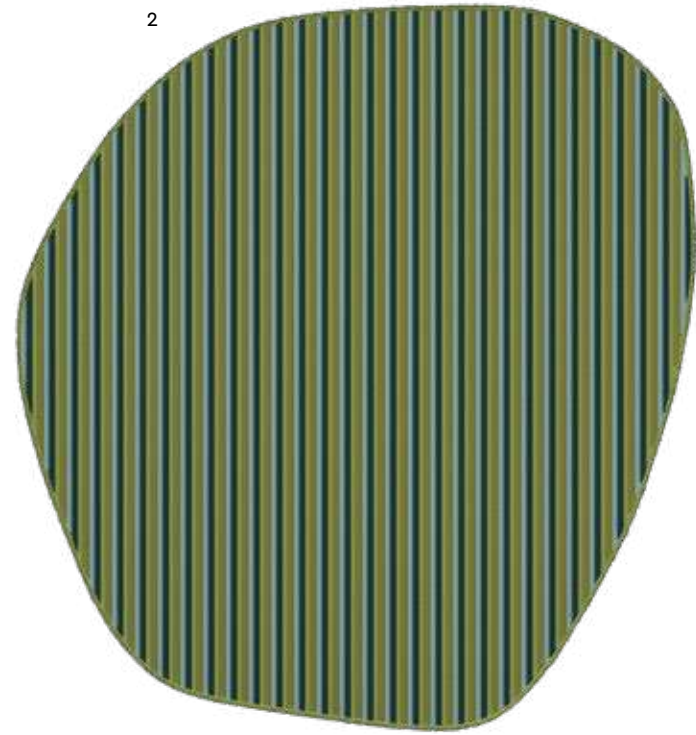

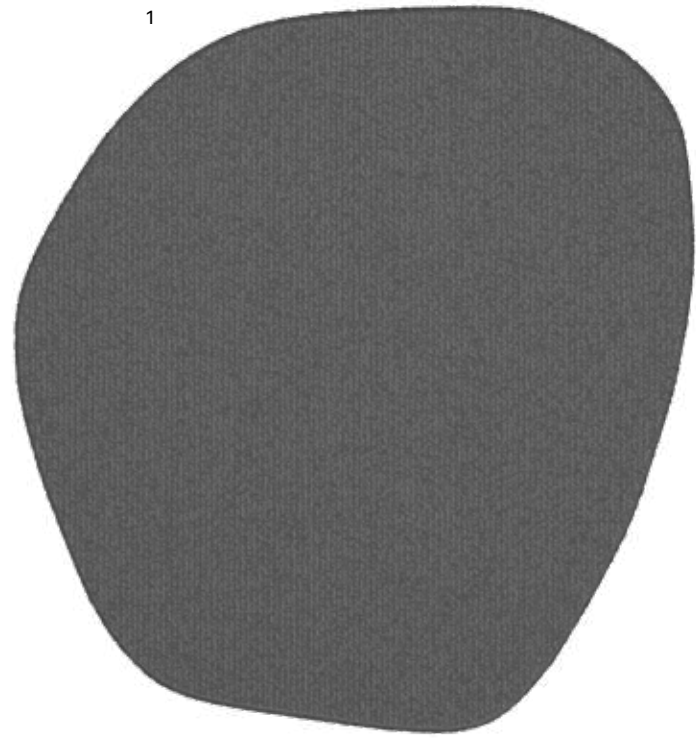

^{EN} An organic evolution of the Bellagio collection, designed to reconnect with nature. Its fluid shapes enhance outdoor moments with a sense of freedom and harmony.

^{IT} Evoluzione organica della collezione Bellagio, pensata per dialogare con la natura. Le forme fluide valorizzano gli spazi outdoor con spontaneità e armonia.

Matera

^{EN} Inspired by Venetian tradition, this collection expresses timeless elegance through refined, tactile surfaces. Its marble-like look and harmonious tones suit contemporary outdoor and architectural settings, reinterpreting Italian craftsmanship with subtle character.

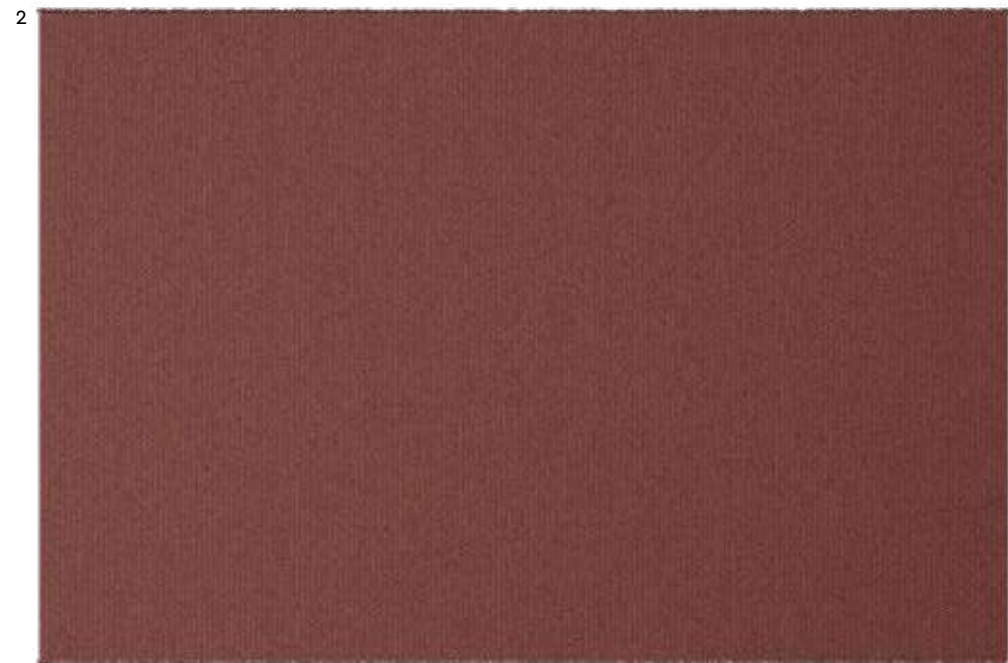

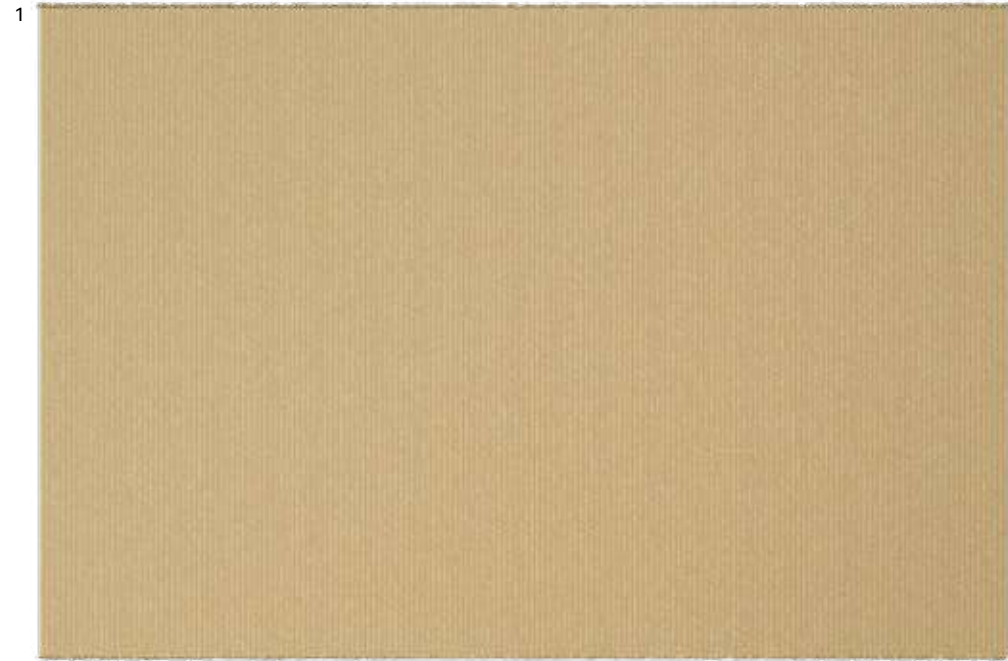

^{IT} Ispirata alla tradizione veneziana, questa collezione esprime un'eleganza senza tempo attraverso superfici raffinate e materiche. L'effetto marmo e le tonalità armoniose si adattano a contesti outdoor e architettonici contemporanei, reinterpretando l'artigianato italiano con carattere discreto.

Vulcano

^{EN} Recalling the striking shapes of the 70s, Vulcano stands out for a continuous spiral, crafted from a single rope, starting from the center and expanding endlessly. A hypnotic design that transforms rhythm into motion.

^{IT} Rievocando le forme suggestive degli anni '70, Vulcano si distingue per una spirale continua, realizzata con un'unica corda, che parte dal centro e si sviluppa senza fine. Un design ipnotico che trasforma il ritmo in movimento.

OTTOMANS

Barrel, Big Stone/Small Stone, Low Diamond/High Diamond, Pantheon, Round Donut

POUF

Barrel

^{EN} Inspired by Italian wineries and oak barrels. Its rounded shape conveys warmth, comfort, and a strong sense of materiality.

^{IT} Ispirato alle cantine italiane e alle botti in rovere. La forma rotonda trasmette calore, comfort e una forte presenza materica.

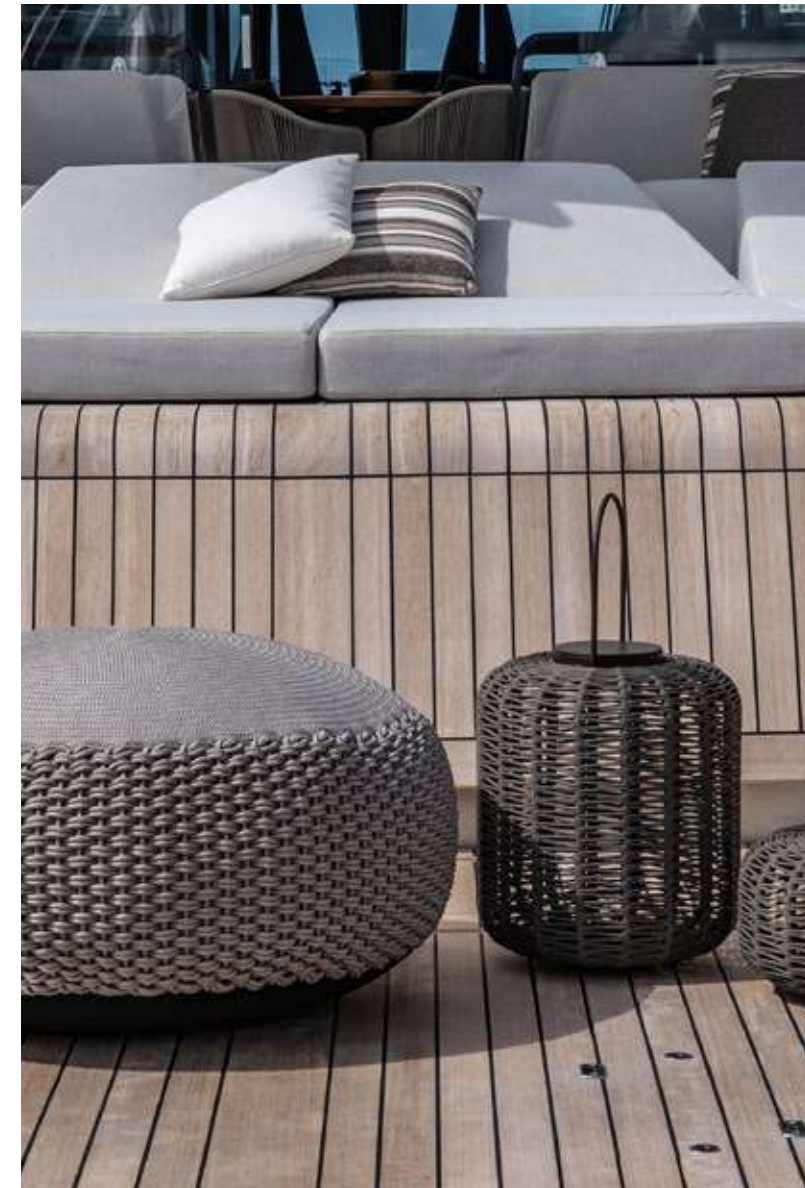

Big Stone / Small Stone

^{EN} Hand-knotted ottomans inspired by stones slowly shaped over millennia by flowing rivers. Their organic forms convey balance and comfort, making them perfect as seating or as a side table.

^{IT} Pouf annodati a mano, ispirati ai sassi lentamente modellati nel corso dei millenni dai fiumi. Le loro forme organiche trasmettono equilibrio e comfort, rendendoli perfetti come seduta o come tavolino laterale.

Low Diamond / High Diamond

^{EN} An original design inspired by the world of the circus, reinterpreted with clean, contemporary lines. Diamond brings lightness and versatility to any space. Perfect as seating or as a side table, it is extremely durable thanks to its aluminum frame and braids resistant to wear and dirt.

^{IT} Un design originale che richiama il mondo del circo, reinterpretato con linee pulite e contemporanee. Diamond porta leggerezza e versatilità in ogni ambiente. Ideale come seduta o tavolino laterale, è estremamente resistente grazie al telaio in alluminio e alle trecce resistenti a usura e sporco.

1

2

3

4

5

6

Pantheon

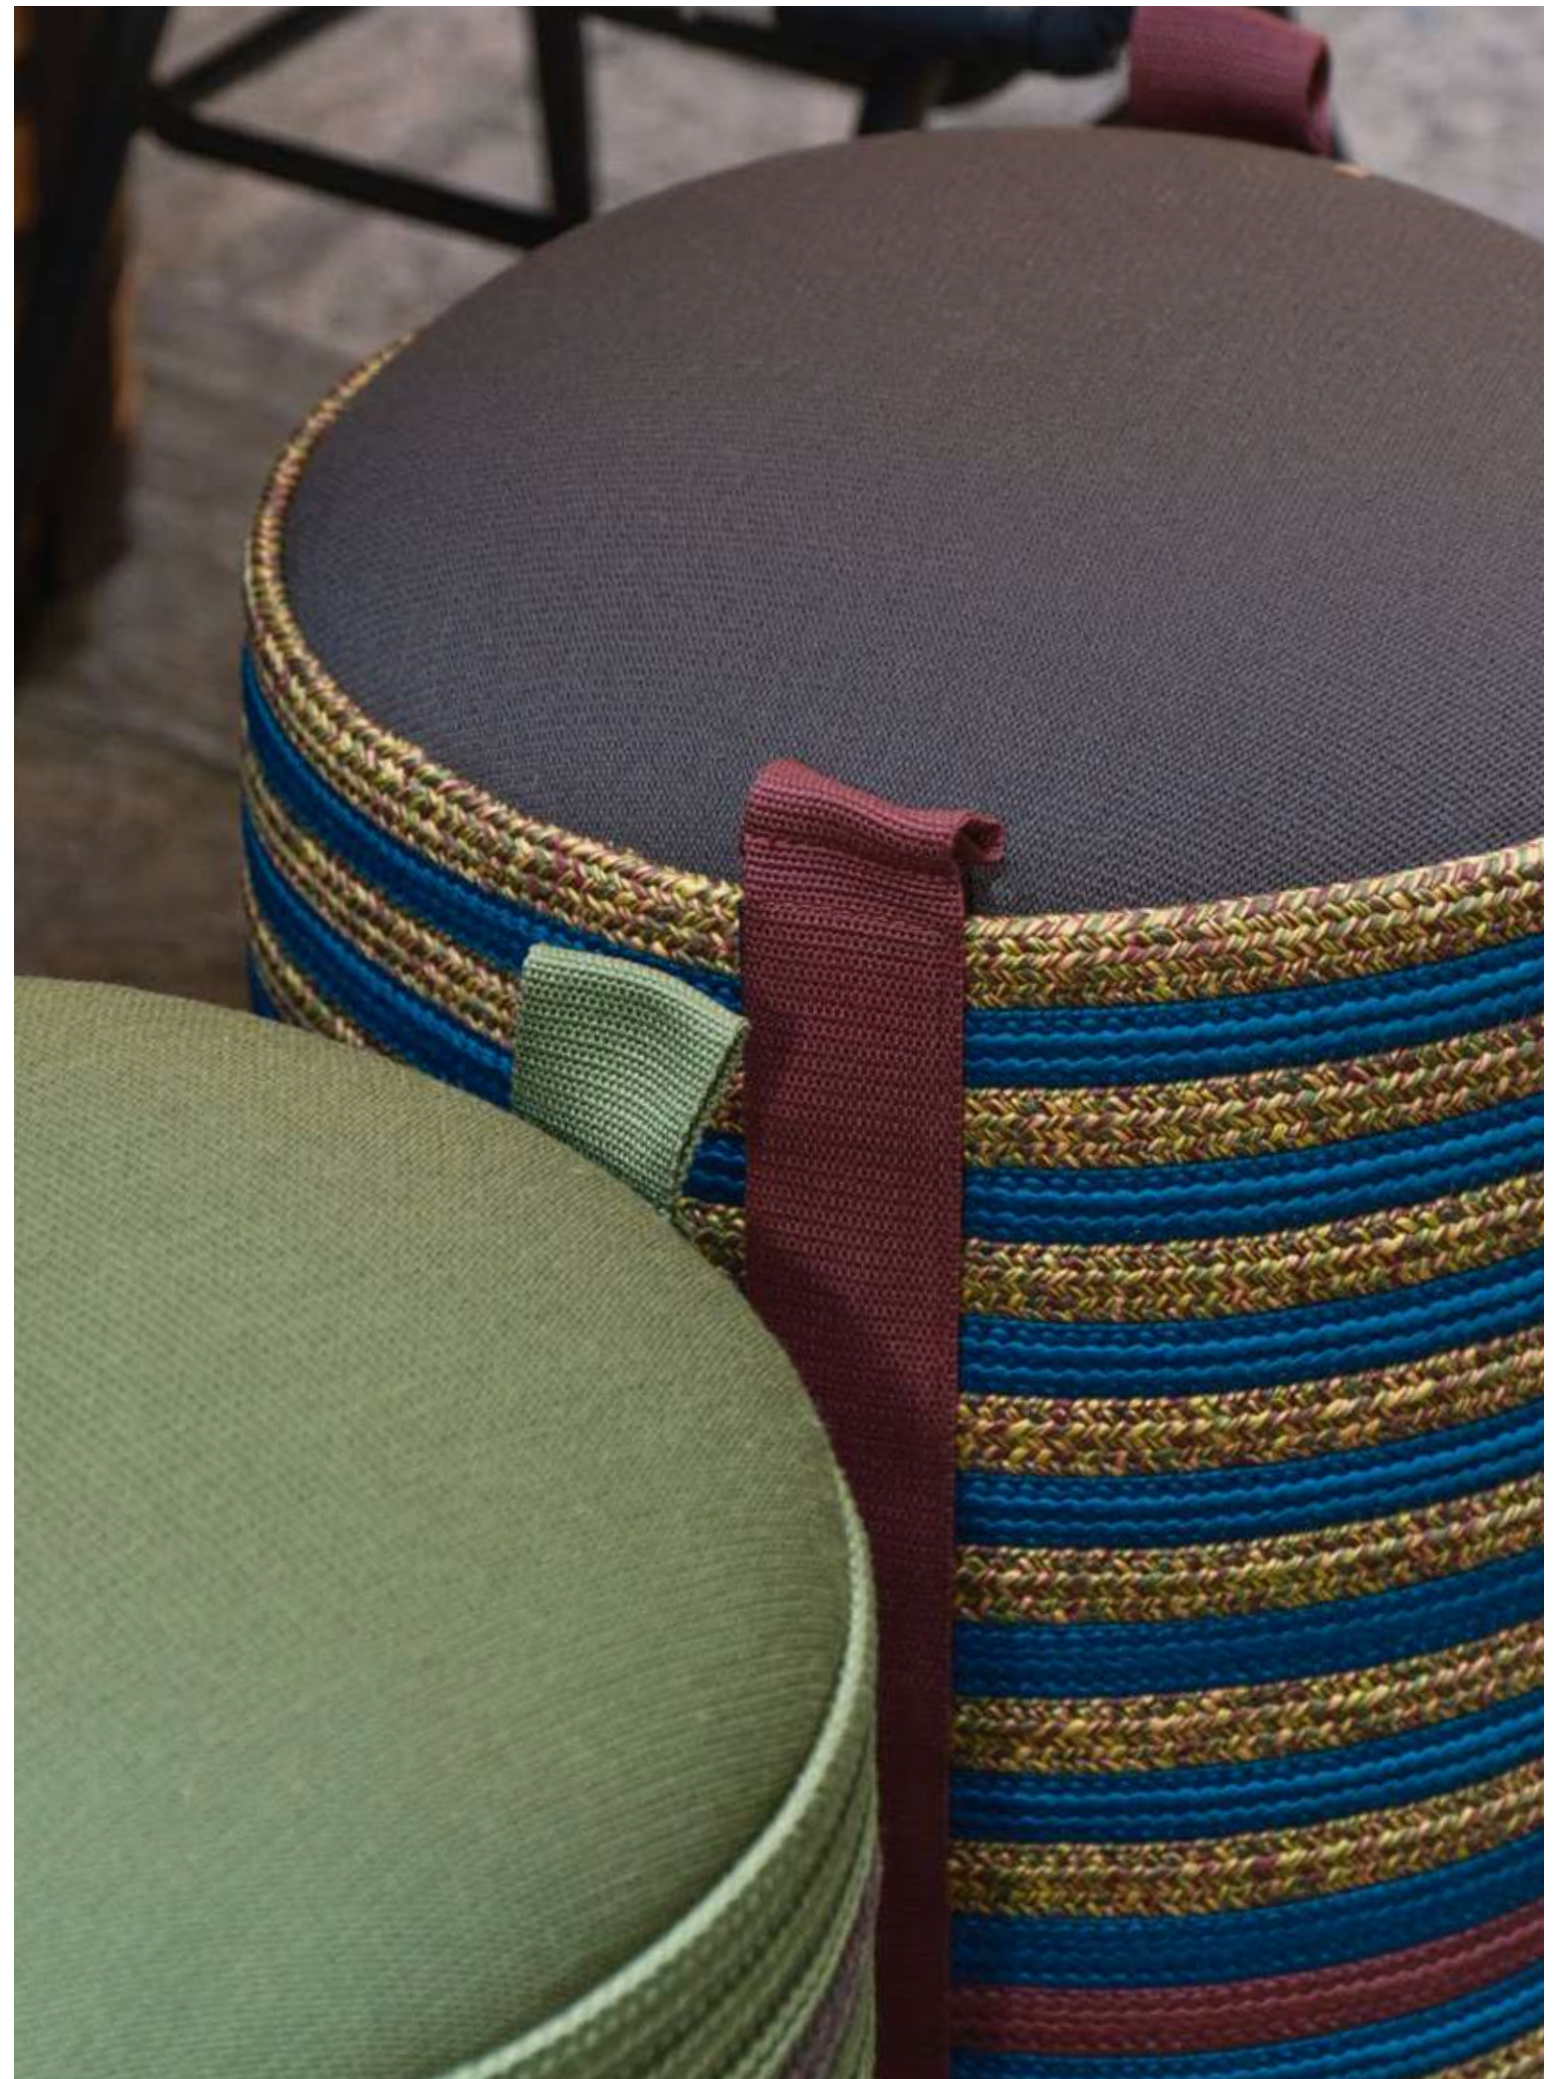

^{EN} Designed to bring serenity and balance into living spaces. Clean, rigorous lines combined with rich yet restrained textures create a sense of calm and order.

^{IT} Pensata per trasmettere serenità ed equilibrio agli ambienti. Linee pulite e rigorose, unite a texture essenziali ma ricche, definiscono un'estetica calma e ordinata.

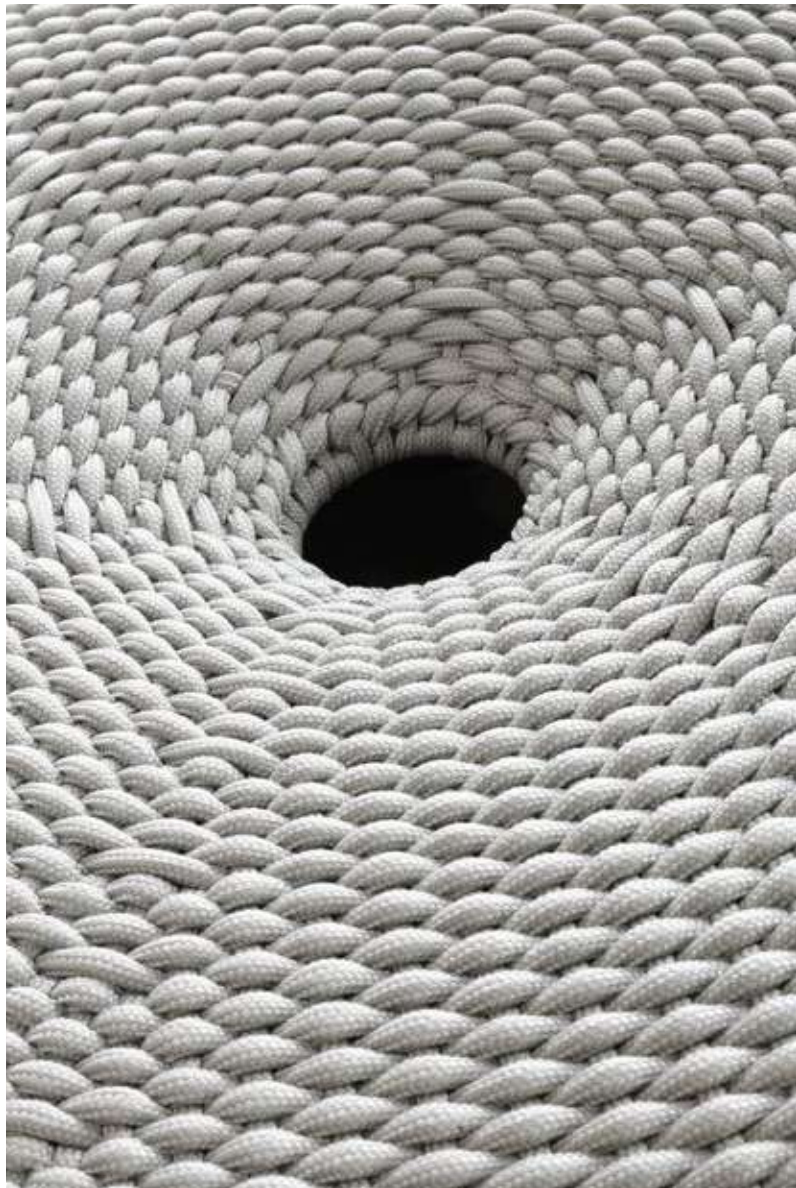

Round Donut

^{EN} Defined by a generous, circular form designed to accommodate more than one person. A relaxed seating solution with a soft, inviting character.

^{IT} Caratterizzato da una forma circolare e accogliente, pensata per ospitare più persone. Una seduta informale dal carattere morbido e conviviale.

COMPLEMENTS

Lanterns, Baskets, Tablemats

COMPLEMENTI

Lanterns

EN Susy lanterns reinterpret classic garden lights with a modern rechargeable LED, casting a warm glow that transforms any spaces into an inviting atmosphere.

IT Le lanterne Susy reinterpretano le classiche luci da giardino con una moderna sorgente LED ricaricabile, diffondendo una luce calda che trasforma ogni spazio in un'atmosfera accogliente.

EN Highly versatile accessories designed for everyday life. From storage to decoration, they adapt effortlessly to changing needs across indoor and outdoor spaces.

IT Accessori versatili pensati per l'uso quotidiano. Adatti a contenere asciugamani a bordo piscina, in spa, o a casa per contenere indumenti per la lavanderia grazie alla totale resistenza a umidità, muffe, e batteri. Facilmente lavabili e resistenti in uso indoor e outdoor. Perfetti per contenere vasi di piante per decorare terrazzi e giardini.

Baskets

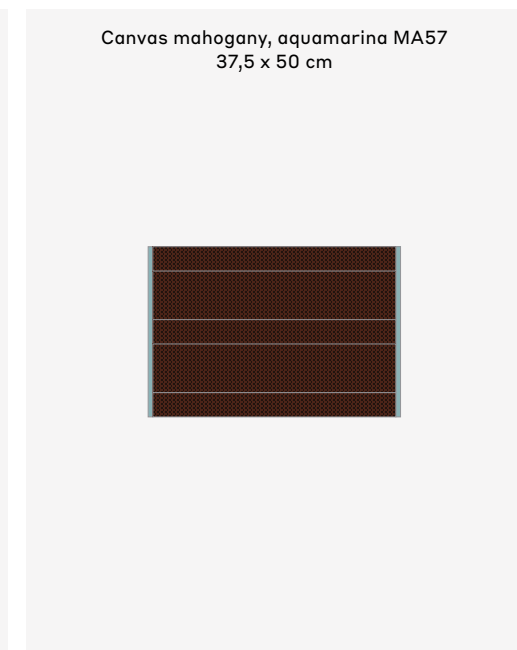

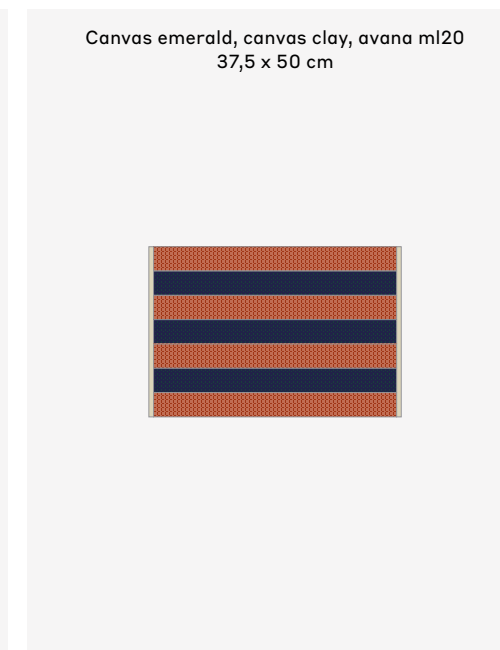

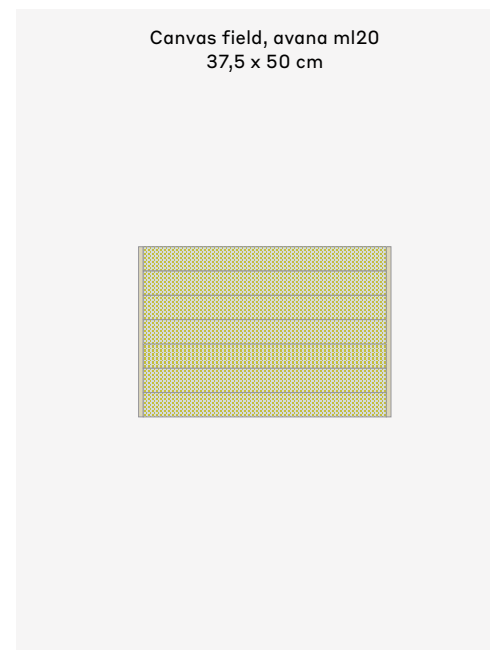

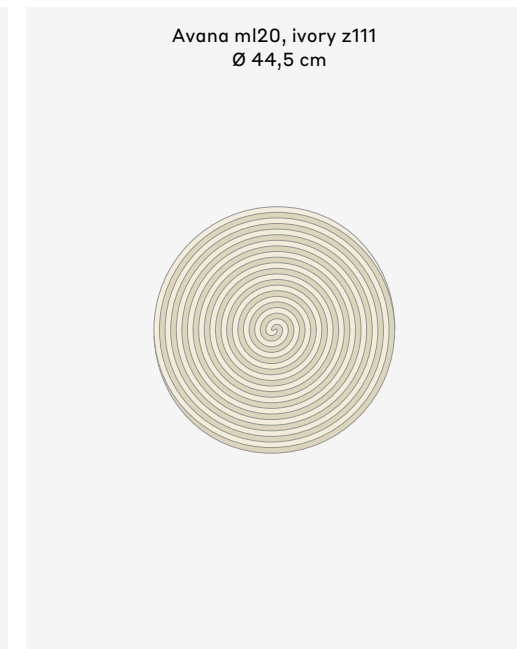

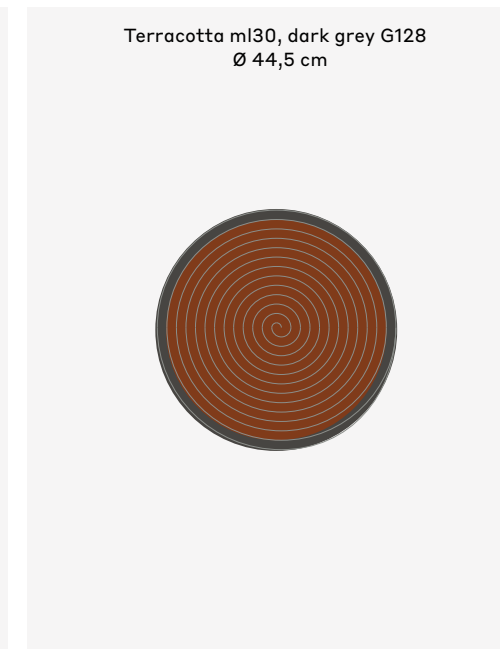

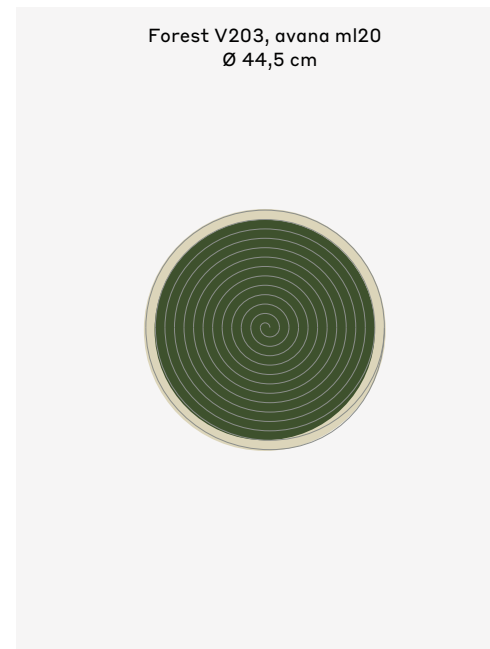

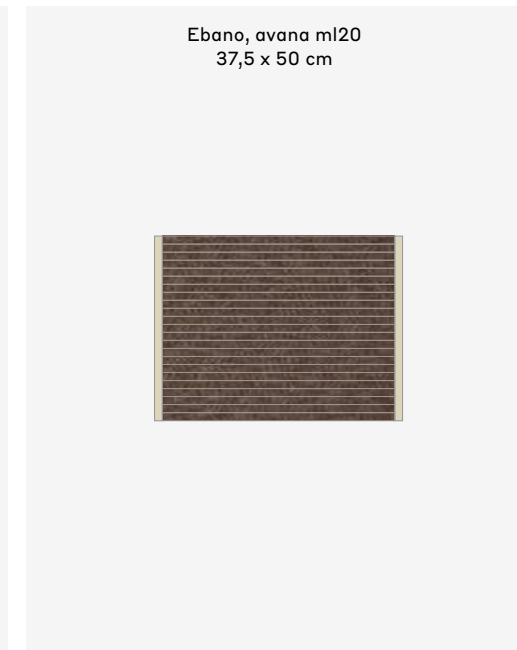

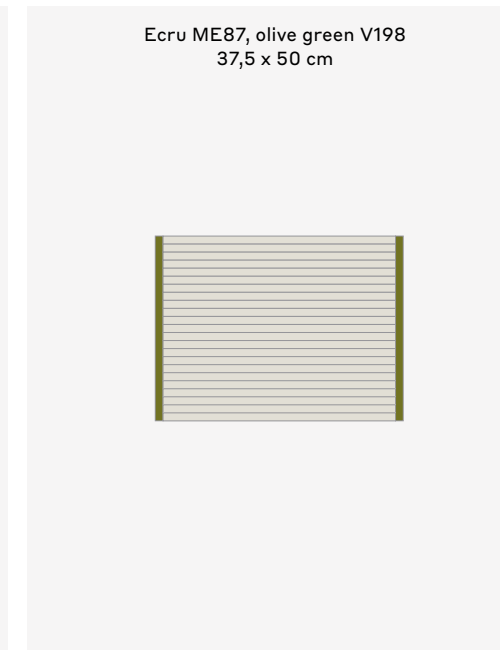

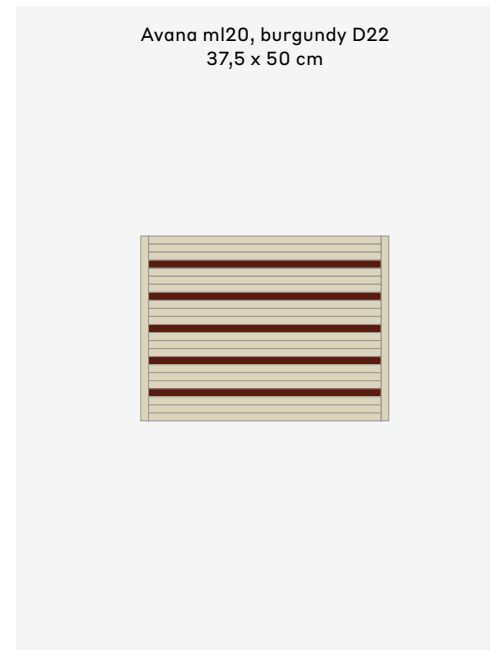

EN Refined table accessories designed to elevate everyday dining. Subtle textures and details enhance the art of hospitality.

IT Accessori da tavola raffinati, pensati per valorizzare la convivialità quotidiana. Texture e dettagli discreti esaltano l'arte dell'ospitalità.

VERSION 1

VERSION 2

VERSION 3*

VERSION 4*

*VERSION 2, VERSION 4 - The rug is featured by a particular pattern obtained thanks to the orthogonal stitching of the braids, which enhance its uniqueness and craftsmanship. Over time, this type of processing could lead to a slight movement of the braids, giving the rug a less uniform appearance, typical of handmade products realized with this geometry.

VERSIONE 2, VERSIONE 4 - Il tappeto è caratterizzato da un particolare pattern ottenuto grazie alle cuciture ortogonali delle trecce, che ne esaltano l'unicità e l'artigianalità. Con il tempo, questo tipo di lavorazione potrebbe portare ad un lieve spostamento delle trecce, conferendo al tappeto un aspetto meno uniforme, tipico dei prodotti realizzati a mano con questa geometria.

COLOR AVAILABILITY / COLORI DISPONIBILI

Nodo Italia rugs are engineered to perform with precision and reliability, meeting the highest international standards across durability, safety, and comfort. Exceptional resistance to abrasion, pilling, and colour fading ensures long-lasting beauty, even in demanding indoor and outdoor environments. The fibres maintain their integrity under exposure to light, water, and frequent use, while offering superior protection against stains, mould, and bacteria.

With minimal water absorption and dimensional stability after washing, each rug is designed for effortless maintenance and enduring performance. Certified non-toxic and safe even for the most sensitive use, the materials reflect a conscious approach to well-being and sustainability, being fully recyclable and compliant with strict chemical standards.

All rug typologies also meet flammability requirements, having passed the Methenamine Pill Test, further reinforcing their suitability for both residential and contract applications.

Test results are based on laboratory testing performed on physically produced and approved samples. Given the characteristics of textile construction and color selection, slight variations may occur and are considered normal within accepted industry tolerances.

PERFORMANCE

I tappeti Nodo Italia sono progettati per offrire prestazioni elevate, rispondendo ai più rigorosi standard internazionali in termini di durata, sicurezza e comfort. L'eccellente resistenza all'abrasione, al pilling e allo scolorimento garantisce una bellezza che si mantiene nel tempo, anche in contesti indoor e outdoor particolarmente esigenti. Le fibre conservano la loro integrità anche se esposte a luce, acqua e utilizzo frequente, offrendo al contempo una protezione superiore contro macchie, muffe e batteri.

Grazie al bassissimo assorbimento d'acqua e alla stabilità dimensionale dopo il lavaggio, ogni tappeto è pensato per una manutenzione semplice e prestazioni durature. Certificati come non tossici e sicuri anche per gli utilizzi più sensibili, i materiali riflettono un approccio consapevole al benessere e alla sostenibilità, essendo completamente riciclabili e conformi ai più severi standard chimici.

Tutte le tipologie di tappeti soddisfano inoltre i requisiti di reazione al fuoco, avendo superato il Methenamine Pill Test, a ulteriore garanzia di idoneità sia per ambienti residenziali che contract.

I risultati dei test riportati si basano su prove di laboratorio effettuate su campioni fisicamente prodotti e approvati. Considerate le caratteristiche della costruzione tessile e della selezione dei colori, eventuali lievi variazioni sono da ritenersi normali e conformi alle tolleranze accettate dal settore.

Nodoltalia elevates outdoor living with Olyna®, an advanced, high-performance yarn that sets new standards in durability and sustainability. This innovative material is the result of over 40 years of expertise and Italian craftsmanship by Essegomma, a leading name in technical and furnishing yarns. The result is furniture that stands the test of time with authentic Italian craftsmanship.

Nodoltalia ridefinisce il vivere all'aperto grazie a Olyna®, un filato tecnico ad alte prestazioni che stabilisce nuovi standard di durabilità e sostenibilità. Frutto di oltre 40 anni di esperienza e maestria italiana firmata Essegomma, leader nei filati tecnici e d'arredo, questo materiale innovativo rappresenta l'eccellenza del saper fare italiano. Il risultato è un arredo che resiste al tempo, autentico nella lavorazione e pensato per durare.
